**Subject:** May Meeting
**Date:** Monday, March 30, 2015 12:18:07 PM

---

Well--I have heard from 95% of our team and it looks like that Thursday May 28, 2015 is the best date. We will meet at the Federal Building (BLM/USFWS State Office) Great Basin Conference Room, where we have met in the past. I will put together an agenda soon, so please send me any agenda items you may have.

I will plan on hosting a wild game dinner with fresh Ahi and hopefully wahoo for everyone and my home after the meeting. So if you can stay overnight Thursday and go home on Friday please plan on attending. If you could RSVP a couple days before our meeting that will let me plan for food etc!

I presented an overview of our Invasive Plant Management Report to the Secretaries (SO) office last week. It was well received and they only had minor suggestions, which Mike, Todd and I incorporated into the manuscript. They wanted a few days to prepare before it was released so our plan is to have a soft release at the end of the week. Thus, I will be sending you a copy when we do that. I suspect that there will be some attention paid to the report as there is a lot of interest in many areas especially in the weed management community. I will keep you posted. Thanks for your continued support I will look forward to seeing all of you!

Cheers!

KM
