> Hi, Ken. I talked with Noreen about the time frame to finalize your fire/invasives products in advance of the DOI fire conference in November. She advised we should try and have everything turnkey by the conference but not to let perfecting the style and format preclude us from delivering the substantive content at the conference, since – as we understand it – there will be policy level discussions and decisions made during the conference. Worst case we deliver a draft and advise the final version is pending.
