Are you interested in nature? If so, we encourage you to join Audubon Refuge Partners, Inc. We are a non-profit organization that provides support and assists Audubon National Wildlife Refuge with educational programs and opportunities for the public.

**Purpose:** To provide assistance and support the Audubon National Wildlife Refuge Complex in providing quality wildlife habitat and wildlife-oriented conservation education, interpretation, and recreational experiences which are compatible with the goals of the Complex.

**Volunteers:** Volunteers are important! We encourage you to support refuge programs by donating some of your talent toward this worthwhile endeavor. In the past, we have supported Audubon National Wildlife Refuge by assisting with educational programs, projects, and annual events. We have also provided funding for an educational classroom that was constructed on the refuge in 2007.
