Morning - I have the jeep signed out and planned on picking u up so we are good there. Hmmm - will see what they tell me when I call for a room tomorrow. We need to tell Austin to get us on the same flight - hope he can handle it.

Darcy is fine - we found out yesterday so was able to talk with her then. But the school is a very sad place today and think it will rub off on her. They still want the ferret presentation as they think it will help. I almost cancelled - glad I didn't.

Sitting the parking lot at school - have already been to town and back for Darcy's dentist appt. so meeting ferret woman here.

My assumption is that we'd be taking a GOV to DIA... maybe you picking up in Cheyenne and then swinging by my place...? If this is an incorrect assumption, let me know and I'll add mileage into my travel request form. Also assuming one of us will then claim parking fees. Let me know how you want to handle this stuff and I'll send in my request later this week.

Hi Trina -

we had a species lead team call this a.m. and decided to go to Portland for our meeting using the hotel near the airport that you sent to Jesse. So if that is still available would you please set it up? We will need up to 7 rooms plus the conference room. Three of us will be arriving in Portland on Sunday, the 19th so will need rooms that night (but not the conference room).

Please let me know what you find out. My apologies for sending you down the rabbit trail of Boise. I did not realize that one of our Portland colleagues could not travel that week.

Thank you!

pat
