Hi Jim:

Thanks for those, but that doesn't quite get at the delineations that Garton had established. I'll try Schroeder.

Hey Shawn,

Attached are the Schroeder / WAFWA populations from 2004. Not sure if this is the same as the Garton populations but I do not have anything specific to Garton. Let me know if you have any questions.

Jim

Hey Jim:

Could I obtain the Garton et al. population delineations from you? I'd like to conduct a fire and mining claim assessment for these populations within Nevada. Could help justify some of our ranking.

Thanks,
