Subject: Re: FWS SG capacity info

I have a call in to Dave but we have not connected yet. No problem identifying potential. How it specifically plays out etc I think needs to be worked out.

Left you a v-mail on the other question.

This is excellent, thank you all. Just what I need.

And, I will also mention that we are actively exploring with Dave Smith (IWJV SWAT) how to capitalize on the good work already underway with those partner biologists, their training, etc, as we hire our OTG biologists. Unless you tell me not to ;)

Noreen,

As requested, please see attached the subject info. Thanks to Nicole for pulling this together in rapid fashion. Mike and I have reviewed. Please let us know if you have questions/need more information in advance of the PFC Board call tomorrow. Thanks.

Matt
