I should also note it remains unclear/unresolved whether we are doing a separate, stand-alone briefing for approps. HQ Budget has indicated that's a possibility. Perhaps that's something the RDs can discuss this week. Happy to discuss offline before/during/after that discussion if helpful.

Hi,

As discussed and with your requested revisions, and those from R1 and 8, incorporated. I will bring down 3 hard copies in a moment.

I realize there's a fair amount of content here but we have much to tell Congress and it is easier to cull than add. Please let me know if you have any immediate questions and I'll stand by to revise per your conversations with Ren and Richard. Also, for everyone's awareness:

- We are targeting 12/4 for the briefing. Megan Kelhart/CLA has the lead for securing a venue and is in contact with staff from our Senate authorizing committee re: same. Our goal is to hold the briefing in a room at the Capitol Visitor Center.
- We are developing 2 additional products: revised internal Q&A to address anticipated questions, e.g., expert elicitation, implications of GuSG listing for GrSG decision, etc.; and, a 1-page fact sheet to leave behind following the briefing. All 3 products (the above plus the .ppt) will be cross-walked.
- We are working to schedule 2 pre-briefings: one with the ARDs, and one with the RDs.

Thanks.

MK
