Subject: Lander FO Preliminary Draft BO Comments

Hi Alex,

I got through the Draft BO and have a few comments and suggestions for you to consider in the attached file. I will admit I wasn't as thorough as I could have been, but focused on the sections that were unique to Lander, I figured your sections on species life history behavior, distribution, and populations are pretty much standard. Hopefully you'll find my comments helpful!

Have a great weekend!

Sue
