Thanks Mike. Glad to hear you and Carmen are doing well. Region 5 is a great region. I will keep my ears to the ground if Sherry calls. Say hey to Carmen for us.

Heather and Nathanael doing well. Nate is just finishing up Freshman year of HS. Go figure.

Mike

We found it best to stay in Boise where her connections are and I continued to develop my aquatic programs as well as acting as the listing and recovery chief for 6 months. With Carrier here it's really a great office to work in.
