> Good morning Stephanie & Gary - Do you know if BLM and/or FWS have been working with the National Farmers Union on sage grouse? I know we've worked with a few of the state/local farm bureaus but the White House/CEQ is wondering, their email is below. Any guidance or more info. you can provide would be great. I don't have NFU on our lists but will add if you guys are working with them. I've also emailed Sarah Greenberger too.
