Hi Catherine and Jeff,
We are scheduled for our National Policy Team review for the Miles City and HiLine RMP's on November 28, 2012. Given the recent concerns about circling back to track how your comments were incorporated into the plans, we would like to propose a meeting to review both of these plans with you prior to the 28th.
Is there any chance that you could join us in Billings (or we could look for someplace in Bozeman again) either at the end of next week (15th or 16th) or less preferable, the 26th or 27th, to address these plans?
The NPT briefing with Billings went well and we just got the green light to move forward to get the draft out. Thanks for all your help over the last couple of days. Talk to you soon. J
