Alex,

Thanks for the comments. Because of other stuff, I haven't gotten to review the document yet but hope to get to it next week. We have our RMP public meetings all next week but I doubt anyone will ask about this document! When I get my comments together I'll send them to you and then we can discuss.

Sue,

I'm attaching my comments on the comments (in red). I'm also attaching the draft BA with some more comments. Will you forward these to ICF after you have a chance to look the comments over? Let me know if/when you'd like to discuss the draft BA more. Thanks for the opportunity to review this.

Laura,

Thank you for sending the revised BA. By this email, I am forwarding the revised version to Alex Schubert with USFWS for his review. Alex also made comments back in January/February so could you please send us ICF's response to his comments so we can see how they were addressed.

Thanks - Sue
