Hey Jeff,
Sorry I haven't gotten back to you sooner - I am currently in Denver at another! meeting. I am thinking now that the 26th might be too late to be effective for the next NPT meeting on these RMP's. I would like to propose that if you have some time later this week that perhaps I could provide you with a phone briefing on the materials that will be presented to the NPT. I will be in the office tomorrow and will at least email you the info and we can go from there. I will try to give you a call in a little bit to see what you think. talk to you soon. J

RE: Miles City and HiLine RMP review

I could do Bozeman on the 26th (or 16th but that doesn't look to be an option for Jeff).
Thanks John!
C

Good idea. I could make Bozeman on the 15th, 26th, or 27th

Miles City and HiLine RMP review

Hi Catherine and Jeff,
We are scheduled for our National Policy Team review for the Miles City and HiLine RMP's on November 28, 2012. Given the recent concerns about circling back to track how your comments were incorporated into the plans, we would like to propose a meeting to review both of these plans with you prior to the 28th.
Is there any chance that you could join us in Billings (or we could look for someplace in Bozeman again) either at the end of next week (15th or 16th) or less preferable, the 26th or 27th, to address these plans?

The NPT briefing with Billings went well and we just got the green light to move forward to get the draft out. Thanks for all your help over the last couple of days. Talk to you soon. J
