I'm fine with whatever you've done. Can you also draft an email that I can that explains what we've done and what we expect them to do by tomorrow am. Thanks.

Nicole

Information specific to the COT report have been added, and will hopefully help add some clarity to the activities, subactivities, as well as the metrics that the RISC Team will provide next week. I will be adding and addressing Utah's (John Harja's) comments from the 'narrative' version. I will update the 'narrative' version for the RISC Team to use, and will attempt to add more information from the 'narrative' version into the tabular version where appropriate.
