Sounds good - I also remembered that I have a lunch meeting starting at noon downtown, so by the time I finish that and pick up Jim and we head over it may be closer to 2:00 anyway - but we will see. You will all be at your desks while waiting for us right? We'll check in with the folks at your front desk and they'll let you know we're there, so we'll just start when we get there...could be anywhere between 1:30 and 2:00

Does that sound good to everyone ? thanks! ~ Allison

Hi Allison,

I was wondering if you would be available to meet with us sometime Thursday afternoon. Perhaps 2:00 or so? If not let me know and we can try and figure a better date/time.

Thanks

Jay

Ok sounds just fine - one thing Jim and I can relate to is crazy schedules! Just keep us posted as to what may work and when,

best ~ Allison

Hi Allison

Sorry about the delay in getting back to you. I have been trying to coordinate a meeting

time with Larry that will work for both of our schedules, but unfortunately we haven't been able to meet up due to a pretty hectic September. He is out of the office this afternoon and I won't back in until Wednesday. Hopefully , we can make a time work then. Looking ahead to next week, I will be available all day Tuesday-Friday. I will get with Larry when I return (on Wed.) and see what days and times will work for both him and you. I look forward to meeting you. Thanks for your patience!

Jay

HI - just wanted to make sure you saw this email the other week....We are finally coming out of our field season crunch over the next week or so and are nicely open in October - would love to hear what might work for the both of you next month for a quick meeting with Jim and I at your office to go over a few sage-grouse related matters,

Thanks! ~ Cheers, Allison

HI Larry, Jay,

Larry unfortunately, though on the "to-do" list, I didn't get this email out to you and Jay before I left town last week like I promised....Jim and I would love to get something on the calendar with you two to discuss last week's SG field tour (especially since I had to

miss it and Jim was "banned" from attending the tour in Rich County), and to also talk about the ramifications for S.grouse of the recent Duck Creek ruling, and to also go over some other matters in relation to the State's SG Implementation Council and the Utah BLM draft EIS coming out soon.

At any rate, we were hoping you two could tell us which dates might work for you out of the remaining days in Sept and into early Oct that are not already booked for Jim and/or myself (we are squeezing in a lot of end-of-season field work in next few weeks). So as of now days that work for us would be 9/17, 9/27, or pretty much anything the whole week of Sept 30-Oct 04. On those available days, best times for us would be anytime in the morning, or first thing in the afternoon after lunch (I'm often having to run off by around 3:00 to intercept my daughter after school).

let us know - we are eager to catch up on many fronts (and for me to finally meet Jay!)

Best ~ Allison
