Seth:

I think NRCS can figure out which DC's to invite if we just request DC's who have pops of either species.

I'll check with our new Special Assistant for Sage Grouse on the Noreen idea.

Thanks

Noah

Chris

Christina

Brandon

Bob

Corey

Appropriate CPW bios

Ed

DCs from GSG and GuSg Counties

You

Ken

Me

IWJV staff (Jeremy and maybe Dave) Phyllis's call

Tim G.and Dave Naugel?????? NRCS's call

NRCS Area and State Staff as they determine necessary

I am toying with idea of see if Noreen Walsh would agree to help kick it off as a show of FWS commitment and appreciation for the NRCS's SGI effort. Thoughts??? Maybe a high level CPW manager to do the same???

Input welcome,

Bill,

Before we can go forward with this we need to know who should be coming to the meeting, location, timeframe, and an agenda. This is so we can prep a package to get approval for the meeting. Thanks.

Hey Bill,

Thanks for sharing, I will actually be passing this across to Gene he will be acting the next few weeks until Phyllis returns.

Subject: SGI Meeting this fall

Randy:

I just wanted to let you know why I am so keen on have the NRCS staff and partners get together this fall to discuss SGI in Colorado and the other 10 States.

Jeremy Maestas, Tim Griffiths, and Dr. Dave Naugle presented a detailed SGI briefing to FWS Regional Directors for Regions 6 and, Ecological Services Field Supervisors and the PFW Coordinators in the GSG states. The information and energy Jeremy, Tim and Dave brought to us was truly impressive. What SGI is accomplishing across the 11 states is impressive - including Colorado. While it is too early, and not for me to say what effect SGI will have on the FWS listing decision, SGI is doing very good things for sage steppe habitat and the partnerships built and techniques developed will survive into the future regardless.

With the new structure in NRCS it seems like a great opportunity to learn in detail about SGI rangewide and begin to really build a team to maximize SGI in Colorado. NRCS staff, Noah Bates, Chris Yarbrough, Brandon Miller, Bob Timberman and our many CPW partners can really get some things done. Receiving up to date info on SGI and the science behind it should really help kick off the 2014 field season and improve our existing partnerships.

Region 6 FWS is impressed with NRCS's commitment to SGI and CO PFW wants to assist in delivery of SGI in Colorado as much as possible.

Thanks Randy and have a great labor day weekend too!

/s/
