I think having a call prior would be brilliant!

I know we need to get something out in July, and that this will encompass a request for information through the Conservation Efforts Database as well as "other information," but I'm not certain that that "other" entails.

Moreover, I'm not sure if we're doing a FR notice and letters, or if there's interest in setting up a website with information for folks.

So, I'd say a first call with Nicole would be a great idea!

Thanks, Mary!
K

> I want to get something scheduled asap. I'll include you in invite as optional attendee - of course you are welcome as your time allows. I'm not sure I entirely understand the expectations from Region 6 for this effort. Do you think it would be good to include Nicole for the first call, or you me and Nicole have a quick call prior to the team call?
