More details will follow regarding registration, agenda, meeting room and hotel arrangements, etc. We are working to identify funding for travel scholarships to landowners and others that may need travel assistance to participate. We also hope to schedule a Utah Plan Advisory Council meeting as part of the Summit. The Summit will be an important chance to learn more about issues affecting Utah's sage-grouse.

Feedback from the Utah Summit will be used to help plan the 2014 National Forum on Sage-grouse Local Working Groups planned for November 4-5, 2014. More details about the National Forum will be available after the Utah Summit.

Again, please mark February 18-19, 2014, on your calendar and plan to attend the Utah Sage-grouse Summit.
