If we could get them by 2 pm on Wednesday, that would be great. Ideally, I would like to get them to Gary by the end of the day on Wednesday.

came in we probably could have delivered. Somebody needs to run cover.

Good Morning -

We have received as set of Secretary QFRs on sage grouse, and we need your assistance in preparing the responses. In the attachment, we have attempted to respond to a couple of the questions based on the set of Q&As previously prepared, however there are still many that require new responses. Please review the proposed draft language and edit/revise as needed as well.

Please provide draft responses back to us by 3:00 EDST, to allow us time to provide to Gina and Gary for review by the end of the day.

Thanks,

Robin

Robin, I sent you the Q&As that we recently did that has responses for some of these. Could you start with those and then ask Doug's help to craft responses for the others? If we need the Region's help, start with Matt Kales, Mike Thabault and Nicole Alt.

I received an extension until Monday but if possible I would like to get

them to Gary and Gina by the end of today. Thanks!

Martha

Subject: Secretary Questions for the Record

Good Afternoon Martha,
The Department has sent questions for the record from the Secretary's hearing which they have asked us to respond to. We would appreciate if you could draft responses to the attached questions and return them to us by noon on Friday, March 13th having undergone AD review and approval. Please let me know if that is not possible.

Thanks very much and let us know if we can help in any way.
Take care,
