Thanks Sue!

For team SSN, I added the Hanson 2015 paper to the folder. The Thompson 2019 pers. comm. should be Thompson 2020, so Dan made that change in the rule.

Subject: missing cited documents

Hey all,
Here's a couple of items needing fixed with respect to the references cited.
The following document is cited in the rule, but is not yet uploaded to the references folder. It is used in the General threat information section under toxicants. Gina, is that yours?

> Brady, E. 2013. Humboldt: Life on America's Marijuana Frontier. Grand Central Publishing. New York, New York.

And here's a couple items for team SSN to rectify.
There is a Hanson 2015, p. 500, cited in the SSN wildfire section. Maybe this is a typo?

Also, the references cited document lists a Thompson 2019 personal communication, but the uploaded document in the references folder is Thompson 2020 pers comm. In the rule, the pers. comm. Is Thompson 2019. Please correct as needed

Heidi,
Once these are corrected, the references cited should all be in the references folder. However, I did not do this for the FR and other Government documents part. Leaving it to you to go back through the document and do the final cross check with what's cited and what's in the bibliography.
