Importance: High

Good Morning Doug,

Let me introduce myself, my name is Heather Markway, and I'm a new full-time member of this team. We've determined that next Thursday morning or Friday afternoon is best for us. Please send us a meeting invite with the time and location.

Thanks,

Heather N. Markway
Project Manager

Given that we are still awaiting an indication from Shane and/or Katie as to when the Corps is available to discuss the upcoming section 7 consultation, I suggest we start looking at dates and times that will work for everyone next week. Hopefully we can find a time that works – I am out of the office for the first two weeks of September, and would prefer not to delay this discussion until I return.

For USFWS next week, the following options look good: Tuesday afternoon, Wednesday morning, Thursday all day, or Friday all day.

Doug

Doug, Katie, and Shane

Tuesday afternoon or next week would be best for me. Greg Green should be back from vacation next week as well.

Thanks,

James

Subject: Pebble ESA s7 discussion

(External)

Hi Shane and James,

As we discussed last week, I've been digging into our recent regulation changes for ESA implementation. It looks like nothing should change regarding our previous recommendations for consultation on the Pebble Mine project. We are available this week to have a conference call to talk this through and provide answers or clarifications to any questions you might have. Right now it looks like Tuesday or Thursday afternoons or anytime Friday would work for us. We can also look at scheduling a call next week, if that works better for you.

Doug
