Subject: [EXTERNAL] USFWS BA Discussion
Importance: High

All,

This will be the first conversation since USFWS received the latest draft BA - the first draft BA they've seen since the draft EIS was released. During this engagement, I would like to discuss the general organization/format of the BAs, changes to the BAs since the draft EIS, and then potential areas of in-depth discussion that any agency identifies as necessary. I'm leaving the agenda for this initial discussion mostly open-ended, as this time is intended to be more of a collaboration working engagement with our reviews of the draft BA directing the flow of the conversation and the direction of future meetings. As previously discussed, it is anticipated that we will be having a series of engagements prior to initiating consultation.

BSEE & USCG – I don't know how involved you want to be in these upcoming pre-consultation discussions, especially as we get into one-on-one discussions about particulars, but you are of course welcome to join us whenever you wish.

We will be meeting at the Campbell Creek field office like we did previously. Here is the previous conference call information from USFWS (will be updated if needed):

Phone: 866-509-4258
Passcode: 89306732

v/r,

Heather N. Markway
