Subject: [EXTERNAL] Pebble Project ESA Section 7 Meeting - OCT 23
Date: Thursday, October 17, 2019 11:15:32 AM
Importance: High

Hi all,
Sorry for the delayed response – I just got back into the office and Shane has been out sick all week. I just spoke with Doug and it sounds like Wednesday should work (Catherine, please confirm that this works for you). Let's shoot for 1:00pm on Wednesday afternoon at USFWS. Doug said that he would try to get a room, so be on the lookout for a meeting invite with the location information and call in information from the USFWS.
Thanks,

Heather N. Markway

Subject: [Non-DoD Source] Re: [EXTERNAL] Pebble Project ESA Section 7 Meeting
Shane,

Can you confirm if we are meeting tomorrow? If so, where do you want to meet? Our main conference room is reserved for another meeting, so I'll need to do some scrambling to find a location if we are hosting.

Doug

Subject: [EXTERNAL] Pebble Project ESA Section 7 Meeting

All,

As we have previously discussed, we are interested in working with the USFWS early and often as necessary to ensure that formal consultation is a smooth process. As such, we envision collaborative working groups engaging in topic-specific meetings as needed throughout the ESA Section 7 process. We would like to start this off with a kick off meeting as early as the end of next week if possible. The USACE is available October 18th, Friday morning until 12:30pm. Based on our proposed agenda (see below), we believe that 2 hours should be a sufficient length for a meeting. Please let us know if Friday morning works for you; if not, our schedule would dictate kicking it out to the next week.

Our proposed draft meeting agenda for this kickoff meeting:
- Proposed project changes since the DEIS
- Changes to the BA incorporating the revised proposed project and the new ESA Regulations
- Organization of the document - soliciting input regarding the current structure of the document
- Discussion of potential topics for additional meetings/working groups
- Discussion of timelines/schedule of engagements
- Collaboration plan

Please let us know if you have any comments or suggestions for the agenda, in addition to your availability for next Friday. Note that I will be out of the office until Thursday of next week, however, when you respond to this shared Pebble email address (POASpecialProjects@usace.army.mil), Shane will be able to coordinate and schedule the meeting.

v/r,

Heather N. Markway
