

Form DQT-3: Results Report Form for Use of Reward[®] under INAD 10-969

INSTRUCTIONS

1. Investigator must fill out Form DQT-3 no later than 10 days after completion of the 10-day post-treatment observation period. Study Number must be recorded on all pages of Form DQT-3. Attach lab reports and other information.
 2. If Reward[®] was not used under the assigned Study Number, fill out only the Site Information portion on this page, and skip to the end of page 3 and fill out only the "Negative Report" section.
 3. Investigator should keep the original on file, and send a copy to the Study Monitor. Within 10 days of receipt, the Study Monitor should send a copy to the AADAP Office for inclusion in the permanent file.
1. **Note:** Both Investigator and Study Monitor should sign and date Form DQT-3.

SITE INFORMATION

Facility	
Reporting Individual	

TREATMENT INFORMATION AND SCHEDULE

Drug lot number		Total amount drug used (ml)	
Fish species treated		Reward [®] dosage used (mg/L)	
Treatment duration (hrs)		Number of treatments	
Disease treated		Disease diagnosed by	
Average fish weight (gm)		Average fish length (in)	
Number of fish per unit (e.g. 10,000 fish/raceway)			
Number of treated units		Total number of treated fish	
Number of control units		Total number of control fish	
Check type of treatment	<input type="checkbox"/> Flow through <input type="checkbox"/> Standing bath		
Dates of treatment (disease control)	1 st _____ 2 nd _____ 3 rd _____ 4 th _____		

WATER QUALITY PARAMETERS

Ave pre-treatment temp (°F)		Dissolved Oxygen (mg/L)	
Ave treatment temp (°F)		pH	
Ave post-treatment temp (°F)		Hardness - CaCO ₃ (mg/L)	

STUDY
NUMBER _____

Daily Mortality Record

INSTRUCTIONS

- Investigator should fill out the Daily Mortality Record as completely as possible.
- Prior to initiation of the trial, fill out Rearing Unit ID, whether a rearing unit is Treated or Control, and the number of fish in each rearing unit.
- Water temperature and individual tank mortality should be recorded on a daily basis.
- If treatment is on 3 consecutive days, fill in only days 1-3 of the “treatment period” and proceed directly to day 1 of the “post-treatment period”. If treatment is on 3 alternate days, fill in days 1-5 of the “treatment period” and proceed to day 1 of the “post-treatment period”. If less than 3 treatments are used, proceed directly to day 1 of the “post-treatment period” after the final treatment. Please mark all treatment days with an asterisk.
- Use additional copies of this form if more than 6 rearing units are involved in the trial.

**STUDY
NUMBER** _____

RESULTS: Describe in detail treatment results. Was treatment successful? If treatment did not appear to be successful, explain why not? Were there any mitigating environmental conditions that may have impacted treatment results? Were there any deviations from the Study Protocol?

Pathology Report: Attach pathology report to this form.. Report should include: 1) a description of how the pathogen(s) was identified; 2) disease identification records that confirm the presence of the pathogen; and 3) the name and title of the individual performing the diagnosis.

Pathology Report included: pre-treatment post-treatment

Toxicity observations: Report any apparent drug toxicity including a description of unusual fish behavior.

DRUG DISCHARGE RESULTING FROM THIS TREATMENT: Use Addendum 2: Discharge Worksheet for calculations and attach completed Discharge Worksheet to this form. Enter the value from Addendum 2 step 3 in this space.

OBSERVED WITHDRAWAL PERIOD OF TREATED FISH:

Observed withdrawal period: _____ **5 days;** channel catfish, muskellunge, tiger muskellunge, and northern pike

Observed withdrawal period: _____ **30 days;** all other fish species

Estimated number of days between last treatment and first availability of fish for human consumption (ensure this time period meets the withdrawal period). _____

NEGATIVE REPORT Reward[®] was not used at this facility under this Study Number during the reporting period. (Investigator should initial for negative reports as soon as the Study Number is known to be no longer needed or valid.)

Date Prepared: _____ **Investigator:** _____

Date Reviewed: _____ **Study Monitor:** _____
