

# New Aquaculture Drugs: Oxymoron, Myth or Reality

moderated  
by

Tom Bell  
U.S. Fish and Wildlife Service  
Aquatic Animal Drug Approval Partnership Program  
Bozeman, Montana

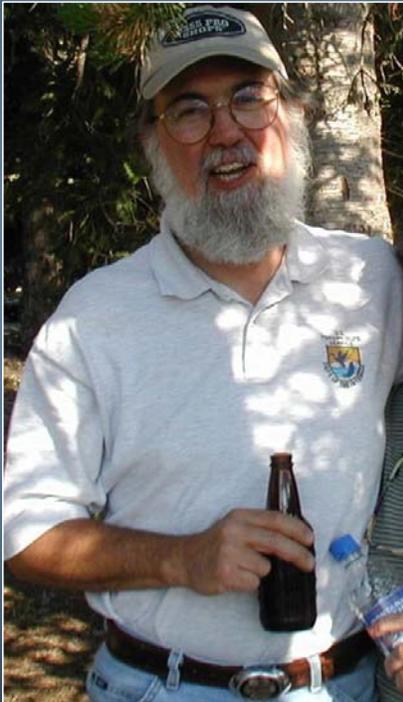

# Session Strategy

- ▶ **Current popular understanding of activities within the aquatic animal drug approval arena:**
  - ▶ **myths, suppositions, misunderstandings, misperceptions, misconceptions and just plain lack of knowledge**
  - ▶ **some even believe that ‘aquatic animal drug approvals’ is an oxymoronic phrase, like the phrase ‘deafening silence’**
- ▶ **Our mission: inject some reality into your understanding, without overwhelming you details**

# Session Strategy

## ► Reality snapshots:

# Session Strategy

- ▶ Reality snapshots:
  - ▶ where we began & where we are now,
  - ▶ how did we get here & how do we get to the end

# Session Strategy

## ▶ Reality snapshots:

- ▶ where we began & where we are now,
- ▶ how did we get here & how do we get to the end
  - ▶ **CVM's perspectives**
  - ▶ researchers' perspectives
- ▶ some of the obstacles along the way
