

Form MT-6: Year End Efficacy Report for Clinical Field Trials Using MT Medicated Feed Under INAD 11-236

INSTRUCTIONS

- Investigator should fill out Form MT-6 Year End Efficacy Report as completely as possible at the end of each calendar year.
- Enter the **“Estimation of Percent Males”** for each study according to the following numeric scale: 4 = >90% males, 3 = 81-90% males, 2 = 71-80% males, 1 = 60-70% males, and 0 = <60% males.
- Investigator should keep the original on file, and send a copy to the Study Monitor. Within 10 days of receipt, the Study Monitor should send a copy to the AADAP Office for inclusion in the permanent file.
- Note:** Both Investigator and Study Monitor should sign and date Form MT-3.
