

§ 14.94

(3) Licensees shall maintain such books and records for a period of five years;

(4) Subject to applicable limitations of law, licensees must provide duly authorized Service officers at all reasonable times, upon notice, access to the licensee's places of business and give an opportunity to examine the licensee's inventory of imported wildlife and the records required to be kept under paragraph (c)(1) of this section, and give an opportunity to copy such records;

(5) Licensees must, upon written request by the Director, submit within 30 days of such request a report containing the information required to be maintained by paragraph (c)(1) of this section.

(6) An import/export license is only permission to engage in business as an importer or exporter of wildlife. Such a license is in addition to, and does not supersede, any other requirement established by law for the importation or exportation of wildlife.

(7) Licensees agree to pay, as a condition of the license, reasonable user fees for inspections of commercial wildlife shipments imported or exported under the authorization of the license.

(d) *Duration of license.* Any license issued under this section expires on the date designated on the face of the license. In no case will the license be valid for more than 1 year from the date of issuance.

(e) *Issuance, denial, suspension, revocation, or renewal of license.* Payment of all license and inspection fees shall be a condition of the license. It shall be grounds for suspension or revocation of any license, or for denial or renewal of a license, or of grant of a new import/export license to any person named as the holder, or a principal officer or agent of a holder, of a previous license issued pursuant to this subpart, that any license fees or any fees owing for inspections of wildlife shipments remain unpaid at the time of application for renewal or of new application. § 14.94 What fees apply to me?

(a) *License and inspection fees.* We will impose a yearly fee for a license pursuant to § 14.93. In addition, you must pay an inspection fee for each wildlife shipment imported into or exported from the United States at a designated port. If you import into or export from the United States wildlife shipments meeting the criteria outlined in paragraph (e) of this section, you are exempt from the designated port inspection fee, or nondesignated port administrative fee and hourly minimums, whichever apply. However, you must pay applicable overtime fees and permit fees.

(b) *Designated port overtime fees.* The Service may charge importers or exporters of wildlife, regardless of being licensed as a commercial importer or exporter, a fee for overtime for inspections that begin before normal working hours, that extend beyond normal working hours, or are on a holiday, Saturday, or Sunday if the importer/exporter requested that the inspection be performed outside normal work hours. Overtime fees consist of an increased hourly rate equal to 1½ times the average hourly rate of a journeyman level wildlife inspector. Overtime fees will be in addition to inspection fees imposed for license holders at designated ports. If an importer/exporter presents a shipment for inspection during normal work hours but the Service cannot perform the inspection during normal work hours on that day, the service will give the importer/exporter the option of performing the inspection later during normal work hours or charging for overtime. The Service's ability to perform inspections during overtime hours will depend on the availability of Service personnel. The Service will use the following parameters when calculating the overtime fee:

(1) Inspection overtime commences when a Service officer departs that officer's residence or official duty station enroute to the inspection site or at the end of normal work hours. Inspection

§ 14.94

overtime terminates when the officer returns to the point of departure or official duty station or when the inspection is completed, whichever occurs later.

(2) For an inspection at a designated port beginning less than 1 hour before normal work hours, the Service will charge 1 hour of time, at an hourly rate of 1½ times the average hourly rate of a journeyman level Wildlife Inspector. For all other overtime inspections at a designated port the Service will charge a minimum of 2 hours of time, at an hourly rate of 1½ times the average hourly rate of a journeyman level Wildlife Inspector, *except* that for all inspections performed on a federal holiday the Service will charge a minimum of 2 hours at twice the average hourly rate of a journeyman level Wildlife Inspector.

(3) The Service will charge any inspection time in excess of the 2-hour minimum in quarter hour increments at the same hourly rate as the first 2 hours. The Service will round up inspection time of 10 minutes or more to the next quarter hour and will disregard any time less than 10 minutes.

(4) The fee schedule will apply to all inspections regardless of importer/exporter of record, *except*, that the Service will charge multiple shipments consigned to the same importer/exporter and inspected at one location one 2-hour minimum or actual time, whichever is greater.

(c) *Nondesignated port fees.* The Service will charge permittees issued permits under subpart C of this part, and licensed commercial importers and exporters a fee for inspections at nondesignated ports. The fees consist of a flat administrative fee plus a minimum of two hours of time at staffed nondesignated ports. The Service will use the

following parameters when calculating fees:

(1) During normal working hours the Service will charge permittees issued permits under subpart C of this part, regardless of being licensed as a commercial importer or exporter, an administrative fee plus a minimum of 2 hours of time at the average hourly rate of a journeyman level wildlife inspector. The Service will charge permittees requesting clearance outside normal working hours, including Saturday and Sunday, an administrative fee plus a minimum of 2 hours of time at 1½ times the average hourly rate of a journeyman level wildlife inspector, *except* that for all inspections performed on a federal holiday the Service will charge a minimum of 2 hours at twice the average hourly rate of a journeyman level wildlife inspector.

(2) The Service will charge any inspection time in excess of the 2-hour minimum in quarter hour increments at the same hourly rate as the first 2 hours. The Service will round up inspection time of 10 minutes or more to the next quarter hour and will disregard any time less than 10 minutes.

(3) The Service will not charge importers or exporters who are not required to have a permit under subpart C of this part, *except* that the Service will charge licensed importers or exporters an administrative fee only during normal working hours, and overtime hourly rates and minimums will apply outside normal working hours.

(4) For inspections performed under a permit issued under subpart C of this part at nondesignated ports with no permanent Service law enforcement staff, the Service will charge all costs associated with inspection and clearance, including, salary, travel and transportation costs, and per diem.
