

FUR CATCH REPORT
 Upper Mississippi River National Wildlife and Fish Refuge
 (10/3/08)

Permit No. _____

State _____

Fill in this report completely, and mail **by April 15** to: Biologist, Upper Mississippi River National Wildlife and Fish Refuge, 51 East 4th Street, Room 101, Winona, Minnesota 55987.

This report is MANDATORY even if you did not trap this season.

NO SIGNATURE OR OTHER IDENTIFICATION IS REQUIRED. This information is used only by wildlife managers to estimate furbearer populations and manage the trapping program to help protect the furbearer resources. It is important that you ACCURATELY and COMPLETELY report for each river Pool how many days you trapped and what you caught. **Failure to accurately complete and return this information by April 15 could prevent you from obtaining a Refuge trapping permit the next trapping season.**

Did you trap on **Refuge** lands and waters this season? _____ Yes _____ No

If you answered No, stop here and return the form. If you answered Yes, complete the rest of the form before mailing. Your comments on the Refuge Trapping Program are also welcome at the above address.

Please list your fur catch here: Use one column for each Pool that you trapped. If you only trapped in one Pool use the first column. Enter the number of days that you trapped and any fur taken in each Pool. **List only information from trapping on Refuge lands and waters.**
