

Photo looking across wetland towards natural levee and levee breach. Baeser Bend, located at river mile 273, is owned by BLM.

Baerer Bend 051607

Towards floodplain

Flow into site = 33.1 cfs.

Towards river

Baerer Bend 051707

Flow = 12,700 cfs

Baerer filled completely; however it likely receded as the river dropped.

Green River cannot be seen in the photo. It flows past vegetation on the far right.
