

USFWS Block-cleared Areas for Black-Footed Ferret Surveys in Colorado, July 2007

The USFWS, in coordination with the Colorado Division of Wildlife, finalized the 1992 recommendations for block clearing along the Front Range and added Yuma County to the block cleared area. Boundaries for some Front Range counties are not well defined on east and west sides. For more on the information presented in this map, please contact the USFWS's Colorado Field Office at 303-236-4773.
