Section 5. Gray Wolves Designated as Predatory Animals. Gray wolves in Wyoming, excluding gray wolves located inside the WTGMA as set forth in this regulation, are hereby designated as predatory animals. - Section 8. Issuance of a Lethal Take Permit. A Lethal Take Permit shall only be issued when there are seven (7) or more breeding pairs of gray wolves in Wyoming primarily outside of Yellowstone National Park, Grand Teton National Park and the John D. Notification of suspension or cancellation of lethal take permits shall be provided via personal notification, first class mail or by telephone or facsimile to all current permittees.

(d) The permittee, or other authorized persons listed on the permit shall notify a Department representative named on the lethal take permit as soon as practicably possible by personal contact, or phone contact of the take of a gray wolf under the authority of a lethal take permit.

(e) Failure by the permittee, or other authorized persons listed on the permit to abide by all provisions and conditions stipulated in this section shall be cause for the Department to cancel the permit.

(f) Lethal Take Permits shall expire on December 31 of the year issued unless the permit is canceled in accordance with the provisions of this section.
