Teacher Field Trip Orientation Workshop

Nisqually National Wildlife Refuge

Objectives

Upon completion of this workshop, teachers will be able to:

1. Integrate a field trip to Nisqually NWR with their curriculum needs.
2. Choose useful and applicable tools from the facilities and resources available to teachers and students at Nisqually NWR.
3. Set up and implement the planning process for a successful field trip to Nisqually NWR.
4. Prepare students for a successful field trip with pre-trip classroom activities.
5. Create a more comprehensive learning experience with post-field trip classroom activities.
6. Organize and guide students through the Education Center Activities and Trail Activities designed for Nisqually NWR.
7. Interpret and classify the various habitats and wildlife at Nisqually NWR, while understanding and relating their importance for students.
