

**FEDERALLY LISTED, PROPOSED, CANDIDATE SPECIES
AND SPECIES OF CONCERN
UNDER THE JURISDICTION OF THE FISH AND WILDLIFE SERVICE
WHICH MAY OCCUR WITHIN YAMHILL COUNTY, OREGON**

LISTED SPECIES

Birds

Marbled murrelet	<i>Brachyramphus marmoratus</i>	CH T
Northern spotted owl	<i>Strix occidentalis caurina</i>	CH T

Invertebrates

Insects:

Fender's blue butterfly	<i>Icaricia icarioides fenderi</i>	CH E
Oregon silverspot butterfly	<i>Speyeria zerene hippolyta</i>	CH T

Plants

Willamette daisy	<i>Erigeron decumbens var. decumbens</i>	CH E
Water howellia	<i>Howellia aquatilis</i>	T
Kincaid's lupine	<i>Lupinus sulphureus ssp. kincaidii</i>	CH T
Nelson's checker-mallow	<i>Sidalcea nelsoniana</i>	T

PROPOSED SPECIES

None

No Proposed Endangered Species	PE
No Proposed Threatened Species	PT

CANDIDATE SPECIES

Mammals

Red tree vole (North Oregon Coast distinct population segment)	<i>Arborimus longicaudus</i>
---	------------------------------

Birds

Streaked horned lark	<i>Eremophila alpestris strigata</i>
----------------------	--------------------------------------

SPECIES OF CONCERN

Mammals

White-footed vole	<i>Arborimus albipes</i>
Long-eared myotis bat	<i>Myotis evotis</i>
Yuma myotis bat	<i>Myotis yumanensis</i>
Camas pocket gopher	<i>Thomomys bulbivorus</i>

Birds

Olive-sided flycatcher	<i>Contopus cooperi</i>
Yellow-breasted chat	<i>Icteria virens</i>
Acorn woodpecker	<i>Melanerpes formicivorus</i>
Lewis' woodpecker	<i>Melanerpes lewis</i>

**FEDERALLY LISTED, PROPOSED, CANDIDATE SPECIES
AND SPECIES OF CONCERN
UNDER THE JURISDICTION OF THE FISH AND WILDLIFE SERVICE
WHICH MAY OCCUR WITHIN YAMHILL COUNTY, OREGON**

Mountain quail
Band-tailed pigeon
Oregon vesper sparrow
Purple martin

Oreortyx pictus
Patagioenas fasciata
Pooecetes gramineus affinis
Progne subis

Reptiles and Amphibians

Northern Pacific pond turtle
Coastal tailed frog
Northern red-legged frog
Southern torrent (seep) salamander

Actinemys marmorata marmorata
Ascaphus truei
Rana aurora aurora
Rhyacotriton variegatus

Fish

Pacific lamprey
Coastal cutthroat trout

Lampetra tridentata
Oncorhynchus clarki ssp

Invertebrates

Insects:

American acetropis grass bug

Acetropis americana

Plants

Bog anemone
Pale larkspur
Willamette Valley larkspur
Coast Range fawn lily
Thin-leaved peavine

Anemone oregana var. felix
Delphinium leucophaeum
Delphinium oreganum
Erythronium elegans
Lathyrus holochlorus

DELISTED SPECIES

Birds

Aleutian Canada goose
American Peregrine falcon
Bald eagle

Branta canadensis leucopareia
Falco peregrinus anatum
Haliaeetus leucocephalus

Definitions:

Listed Species: An endangered species is one that is in danger of extinction throughout all or a significant portion of its range. A threatened species is one that is likely to become endangered in the foreseeable future.

Proposed Species: Taxa for which the Fish and Wildlife Service or National Marine Fisheries Service has published a proposal to list as endangered or threatened in the Federal Register.

Candidate Species: Taxa for which the Fish and Wildlife Service has sufficient biological information to support a proposal to list as endangered or threatened.

Species of Concern: Taxa whose conservation status is of concern to the U.S. Fish and Wildlife Service (many previously known as Category 2 candidates), but for which further information is still needed. Such species receive no legal protection and use of the term does not necessarily imply that a species will eventually be proposed for listing.

**FEDERALLY LISTED, PROPOSED, CANDIDATE SPECIES
AND SPECIES OF CONCERN
UNDER THE JURISDICTION OF THE FISH AND WILDLIFE SERVICE
WHICH MAY OCCUR WITHIN YAMHILL COUNTY, OREGON**

Delisted Species: A species that has been removed from the Federal list of endangered and threatened wildlife and plants.

Key:

E	Endangered
T	Threatened
CH	Critical Habitat has been designated for this species
PE	Proposed Endangered
PT	Proposed Threatened
PCH	Critical Habitat has been proposed for this species

Notes:

Marine & Anadromous Species: Please consult the National Marine Fisheries Service (NMFS) (<http://www.nmfs.noaa.gov/pr/species/>) for marine and anadromous species. The National Marine Fisheries Service (NMFS) manages mostly marine and anadromous species, while the U.S. Fish and Wildlife Service manages the remainder of the listed species, mostly terrestrial and freshwater species.

Marine Turtle Conservation and Management: All six species of sea turtles occurring in the U.S. are protected under the Endangered Species Act of 1973. In 1977, NOAA Fisheries and the U.S. Fish and Wildlife Service signed a Memorandum of Understanding to jointly administer the Endangered Species Act with respect to marine turtles. NOAA Fisheries has the lead responsibility for the conservation and recovery of sea turtles in the marine environment and the U.S. Fish and Wildlife Service has the lead for the conservation and recovery of sea turtles on nesting beaches. For more information, see the NOAA Fisheries webpage on sea turtles <http://www.nmfs.noaa.gov/pr/species/turtles/>.

Gray Wolf: In 2008, the Service published a final rule that established a distinct population segment of the gray wolf (*Canis lupis*) in the northern Rocky Mountains (which includes a portion of Eastern Oregon, east of the centerline of Highway 395 and Highway 78 north of Burns Junction and that portion of Oregon east of the centerline of Highway 95 south of Burns Junction). Any wolves found west of this line in Oregon belong to the conterminous USA population [see 73 FR 10514]. On May 5, 2011, the Fish and Wildlife Service published a final rule – as directed by legislative language in the Fiscal Year 2011 appropriations bill – reinstating the Service’s 2009 decision to delist biologically recovered gray wolf populations in the Northern Rocky Mountains. Gray wolves in Oregon are State-listed as endangered, regardless of location.
