

## **USGS Liaisons for USFWS Employees**

### **March 2004**

- Below is a list of the primary contact persons for USFWS in each of the three USGS Regions when you don't know whom in USGS to call; they can refer you to the appropriate persons.
- Suggestion is to contact one person from each Region as the expertise that best fits your needs could be in any of the 3 Regions.
- Just call these office phone numbers or type in these names in the USGS directory and they can connect you with the information or the person you need.

#### **Western Region (Seattle, WA)**

Liaison to USFWS and Science Advisor: **Rob Koeppen - 206-220-4574**

(For any USGS discipline or interdisciplinary needs across Biology, Geology, Geography, Hydrology):
