

Sacramento NWR Complex
Photography Blinds

January 31, 2011

The photography blind first-come, first-served assignments have been completed and the remaining blinds that are available are listed below. You may apply for these blinds, up to three dates per person, by sending an e-mail to denise_dachner@fws.gov. The blinds will be assigned daily by first-come, first-served.

Please select a specific date (s) that you would like to use the available blind (one blind per week), since this enables the refuge staff to plan and complete field projects that will not impact your wildlife photography.

We will contact you ASAP about your request.
