

Klamath River Basin
Conservation Area
Restoration Program

Working to Restore Anadromous Fish in the

Klamath River Basin

THE KLAMATH ACT OF 1986

Partial List of Funding Sources for Environmental Restoration Activities
in the Klamath River Basin as of October 19, 2004

PROGRAM	CONTACT	PURPOSE
RCD Assistance Program	CA Department of Conservation http://www.consrv.ca.gov/dlrp/red/index.htm	Grants to fund RCD projects that improve the health of can watershed san build RCD capacity to promote and support conservation with landowners and communities within watersheds
CA Waterfowl Habitat Program	CA Department of Fish and Game (CDFG) Dean Dwasny 916-445-3486 www.ceres.ca.gov/cert/grants/waterf.html	Private wetlands incentive program (\$20/ac/yr on 10-yr contracts) to promote active wetland habitat mgmt. Technical assistance provided by DFG biologists
Habitat Conservation Fund Grant	CA Department of Parks and Recreation http://www.parks.ca.gov/default.asp?page_id=21361 phone: 916-653-7423	Local governments only. Can be used for wetland and riparian acquisition or restoration, among other categories. Public access required
Agricultural Water Quality Grant Program	CA State Water Resources Control Board www.swrcb.ca.gov/funding/awqgp/index.html	Reduce or eliminate non-point source pollution discharge to surface waters from irrigated agricultural lands
Non-point Source Pollution Control and Watershed Protection Grants	CA State Water Resources Control Board www.swrcb.ca.gov/funding/index.html#funding_programs	Funding to local public agencies and nonprofit organization formed by landowners for projects that protect the beneficial uses of water throughout the state through the control of nonpoint source pollution.
Non-point Source Implementation Program	CA State Water Resources Control Board www.swrcb.ca.gov/funding/319h.html#funding	implement measures and practices that reduce or prevent non-point source pollution to ground and surface waters; in particular implement measures to achieve pollutant load reductions and address TMDL implementation.
Fisheries Restoration Grants Program	California Department of Fish and Game www.dfg.ca.gov/nafwb/fishgrant.html Larry Week (916) 327-8840	Salmon & steelhead habitat restoration, cooperative fish rearing, public education
Commercial Salmon Stamp Account	California Department of Fish and Game www.calkingsalmon.org/salmonstamp/prsp_lse1.html (916) 654-6505	Restore salmon populations, through habitat improvement, fish rearing, public education
Wildlife Conservation Board	California Department of Fish and Game www.dfg.ca.gov (916) 654-1811	Fish habitat restoration projects – priority on projects that have a riparian restoration element

PROGRAM	CONTACT	PURPOSE
Vegetation Management Program (VMP)	California Department of Forestry (916) 653-2380 www.fire.ca.gov/resourcemanagement/vegetationmanagement/asp	Fuel management of brush control
Cal Forest Improvement Program (CFIP)	California Department of Forestry or 1-800-738-tree www.fire.ca.gov/resourcemanagement/cfip.asp	Reforestation, site preparation, land conservation, fish & wildlife habitat improvements
The Acorn Foundation	Common Council Foundation www.commoncounsel.org/pages/foundation.html#acorn Elizabeth Wilcox 510-834-2995	Community based projects which preserve and restore habitat, advocate for environmental justice, particularly for low-income and indigenous people, and prevent or remedy toxic pollution
Conservation Alliance	Conservation Alliance http://www.conservationalliance.com Lisa Pike lisa_pike@patagonia.com	Citizen action to protect and enhance natural resources for recreation
Watershed Action Grants	Conservation Fund www.conservationfund.org/?article=2829	protect watershed, improve water quality and promote watershed stewardship
Cottonwood Foundation Grants	Cottonwood Foundation http://www.cottonwoodfdn.org/ Paul Moss 651-426-8797 cottonwood@igc.org	Environmental protection
David B. Gold Foundation	David B. Gold Foundation http://www.goldfoundation.org/ Elaine Gold 415-288-9530	Programs that work to reduce toxic emissions and waste, preserve open space, promote sustainable agriculture, and educate the community about environmental issues
Wetland Restoration Program	Ducks Unlimited 916-852-2000	Technical assistance, funding and grant assistance for wetland habitat restoration projects on public and private land.
Educational Foundation for America	Educational for Foundation of America http://www.efaw.org Diane M. Allison 203-226-6498 efa@efaw.org	Protection and restoration of water quality and habitat, providing technical assistance and training to environmental groups, promotion of renewable energy and energy conservation, land conservation, and protection of roadless forest areas
Environmental Education Grant Program	Environmental Protection Agency http://www.epa.gov/enviroed/grants.html	The Grant Program sponsored by EPA's Office of Environmental Education supports environmental education projects that enhance the public's awareness, knowledge, and skills to help people make informed decisions that affect environmental quality.

PROGRAM	CONTACT	PURPOSE
Conservation Program	Flintridge Foundation http://www.flintridgefoundation.org/home/home.html Eric Jones 541-464-5855 eric@flintridgefoundation.org	Preservation and restoration of native ecosystems in the Pacific Northwest, including Klamath-Siskiyou Bioregion
Trout Unlimited	Joe McGurrin http://www.tu.org/index.asp	Conserve, protect and restore North America's trout and salmon fisheries and their watershed
American Sport fishing Association's FishAmerica Foundation	Johanna DeGross http://www.fishamerica.org	Help communities implement coastal and marine habitat restoration projects at the local level to benefit the nation's fisheries
Lawrence Foundation	Lawrence Foundation http://www.thelawrencefoundation.org/ Lori Mitchell 310-451-1567 info@thelawrencefoundation.org	General environmental projects
Federal restoration/acquisition partnerships	National Fish & Wildlife Foundation Heather Chase 415-778-0999 nfwf.org/programs/programs.htm	Initiative focus on wetlands, fisheries, wildlife, species of concern, neotropical birds. Two cycles per year for funding proposals Dec. and July
Pacific Grassroots Salmonid Initiative 2004	National Fish and Wildlife Foundation nfwf.org/programs/programs.htm	In-stream restoration, salmonid habitat conservation planning, applied research, and public education and outreach
Pulling Together Initiative Public-Private Partnerships to Manage Invasive Weeds	National Fish and Wildlife Foundation nfwf.org/programs/programs.htm	Provides support on a competitive basis for the formation of local Weed Management Area partnerships in developing long-term weed management projects within the scope of an integrated pest management strategy
National Fish and Wildlife Foundation	National Fish and Wildlife Foundation Greg Elliot (NFWF) (916) 484-1290 nfwf.org/programs/programs.htm	Funding available for wetland, neotropical birds, other wildlife, or conservation education programs
Bring Back the Natives Initiative (BBN)	National Fish and Wildlife Foundation nfwf.org/programs/programs.htm Krystyna Wolniakowski 503-417-8700 krystyna.woniakowski@nfwf.org	Projects that will initiate partnerships with private landowners, demonstrate successful collaborative efforts; address watershed health issues that would lead to restoring habitats; and restore native aquatic species and their migration corridors and promote stewardship on private lands

PROGRAM	CONTACT	PURPOSE
General Matching Grants Program	National Fish and Wildlife Foundation nfwf.org/programs/programs.htm	The National Fish and Wildlife Foundation operates a conservation grants program that awards matching grants, on a competitive basis, to eligible grant recipients, including federal, tribal, state, and local governments, educational institutions, and non-profit conservation organizations. Foundations Funds: priority actions promoting fish and wildlife conservation and the habitats on which they depend, work proactively to involve other conservation and community interest, leverage available funding, and evaluate project outcomes. Does Not Fund: political advocacy or litigation, shortfalls in government agency budgets, general administrative overhead or indirect costs, - year grants, basic research.
Conservation Partnership Initiative	National Resource Conservation Service www.nrcs.usda.gov/	Foster conservation partnerships that focus technical and financial resources on conservation priorities in watershed of special significance and other geographic areas of environmental sensitivity
River Basin Studies & Investigations	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Identify water & land resource problems, land resource problems, analyze economic base & environmental setting
Wetlands Reserve Program	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Restore/protect wetlands through opportunity to sell agricultural easements
Conservation Technical Assistance	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Assist land-users, communities, units of state and local government, and other Federal agencies in planning and implementing conservation systems to reduce erosion, improve soil and water quality, improve and conserve wetlands, enhance fish and wildlife habitat, etc.
Watershed Protection & Flood Prevention Program (PL 566)	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Protect, improve & develop water & land resources in watersheds up to 250,000 acres
Forestry Incentives Program (FIP)	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Forest management
Wildlife Habitat Incentives Program	Natural Resource Conservation Service (530) 792-5600 www.nrcs.usda.gov/	Provides financial incentives to develop habitat for fish and wildlife on private lands
The Nature Conservancy/NOAA Habitat Restoration Partnership	Nature Conservancy/NOAA Rob Wilder http://nature.org	Protect marine biodiversity through habitat restoration with an emphasis on science, community-based cooperation, and strong partnerships
The Landscape Characterization and Restoration Program (LCR)	NOAA www.csc.noaa.gov/funding/	

PROGRAM	CONTACT	PURPOSE
Opportunities for Restoration Partners	National Marine Fisheries Service www.csc.noaa.gov/funding/	Developing new national and regional partnerships that will lead to the accomplishment of on-the-ground, community-based restoration of marine, coastal and freshwater habitats to benefit living marine resources, including anadromous fish species
Northern California Environmental Grassroots Fund	Northern California Environmental Grassroots Fund http://www.rosefdn.org/grants/grassroots.html 510-658-0702 grassroots@rosefdn.org	General support for organizations with an environmental mission, or project support for strategies such as community-based advocacy, technical assistance, litigation, restoration projects, organizing expenses, grassroots campaigns, and environmental education
Environmental Enhancement and Mitigation Program	Resources Agency-Office of the Secretary resources.ca.gov/eemp_new.html	Acquisition restoration, or enhancement of watershed, wildlife habitat, wetlands, forests, or other natural areas
Watershed Assistance Grants	River Network/Robin Chaney (202) 364-2550 www.rivernetwork.org	Support organizational development and long-term effectiveness for local watershed partnerships
Singing for Change Grants	SFC Charitable Foundation http://www.margaritaville.com/sfcfoundation/ Judith Ranger Smith 816-363-8132 info@singingforchange.com	Projects that promote environmental awareness and teach people methods of conservation, protection and the responsible use of natural resources.
California Riparian Habitat Conservation Program	State of California Wildlife Conservation Board www.wcb.ca.gov	Protect, preserve, restore and enhance riparian habitat throughout California
Habitat Enhancement and Restoration Program (General)	State of California Wildlife Conservation Board www.wcb.ca.gov	Enhancement and restoration of threatened and endangered species habitats, forest land habitat, and salton sea restoration projects
Rangeland, Grazing Land, and Grassland Protection Act of 2002	State of California Wildlife Conservation Board www.wcb.ca.gov	To prevent the conversion of rangeland, grazing land and grassland to nonagricultural uses; to protect the long-term sustainability of livestock grazing; and to ensure continued wildlife, water quality, watershed and open-space benefits to the State of California from livestock grazing
Proposition 40 Funding	State of California Wildlife Conservation Board www.wcb.ca.gov	To acquire land in fee title and interests in land, such as conservation easements; and habitat restoration and/or enhancement projects and for public access projects that provide wildlife-related public recreational opportunities.
Proposition 50 Funding	State of California Wildlife Conservation Board www.wcb.ca.gov	Protect regional water quality, protect and enhance fish and wildlife habitat, and to assist local public agencies in improving regional water supply reliability.
Coldwater Conservation Fund	Trouts Unlimited www.tv.org/conservaiton.ccf.asp Whit.Fosburgh@tu.org	Scientific and economic research and analysis and science-based watershed restoration projects

PROGRAM	CONTACT	PURPOSE
Section 206	U. S. Army Corps of Engineers Chuck Rairdan 916-557-7833	Restoration of aquatic ecosystem structure and function. Projects usually manipulate the hydrology in and along bodies of water, including wetlands and riparian areas.
Native American Affairs Technical Assistance Program (NAATAP)	U. S. Bureau of Reclamation usbr.gov/native/noaa/techasst	Serve federally authorized tribe's needs, and pertain to the use, protection, or development of water related trust assets
Land Acquisition Program; Land and Water Conservation Fund	U. S. Bureau of Land Management Joy Wehking 916-978-4647 nps.gov/ncrc/programs/lwcf/history.html	Acquisition of fee and easements within areas specified by Congress including National Conservation Areas, National Monuments, National Wild and Scenic Rivers, National Historic and Scenic Trails, Wilderness Areas, Areas of Critical Environmental Concern and Special Recreation Management Areas.
Clean Water Act Sections 205/604 (water quality)	U. S. Environmental Protection Agency Cheryl McGovern 415-972-3415	Regional public comprehensive planning organizations eligible; local watershed assessment, TMDL technical work
Five Star Restoration Program	U. S. Environmental Protection Agency nfwf.org/programs/5star-rfp.htm	Provide environmental education and training through projects that restore wetlands and stream
Targeted Watershed Grants Program	U. S. Environmental Protection Agency epa.gov/owow/watershed/initiative/	Encourage successful community-based approaches and management techniques to protect and restore the nation's waters.
Clean Water Act 104(b)(3) Wetlands restoration grants	U. S. Environmental Protection Agency Cheryl McGovern 415-972-3415 epa.gov/owm/mab/indian/sec104.htm	Wetlands protection - assessment, monitoring, program development
Clean Water State Revolving Fund	U. S. Environmental Protection Agency Juanita Licata 415-972-3450 epa.gov/owmitnet/cwfinance/cwsrf	Land and water acquisition, water quality and other watershed improvements. Required 20% non-fed match. Funds admin by State Water Resources Control Board
Pollution Prevention Grants	U. S. Environmental Protection Agency Life Magnuson 415-972-3286 cdphe.state.co.us/el/p2_program/p2grants.asp	Targets reduced pesticide use. Required 50% match
North American Wetlands Conservation Act Small Grants	U. S. Department of the Interior, U. S. Fish and Wildlife Service http://www.fedgrants.gov/Applicants/DOI/FWS/FA/NAWCASM-05/Grant.html	The purpose of the 1989 North American Wetlands Conservation Act (NAWCA), as amended, is to promote long-term conservation of North American wetland ecosystems, and the waterfowl and other migratory birds, fish and wildlife that depend upon such habitat. Principal conservation actions supported by NAWCA are acquisition, creation, enhancement and restoration of wetlands and wetland-associated uplands.
The Private Stewardship Program	U. S. Fish and Wildlife Service endangered.fws.gov/grants/private_stewardship/index.html	Assistance directly to landowners for managing their lands in ways that benefit species and their habitats

PROGRAM	CONTACT	PURPOSE
Federal Aid in Sport Fish Restoration	U. S. Fish and Wildlife Service federalaid.fws.gov/sfr/fasfr.html	Management, conservation, and restoration of fishery resources
Federal Aid in Wildlife Restoration	U. S. Fish and Wildlife Service federalaid.fws.gov/wr/fawr.html	Selection, restoration, rehabilitation and improvement of wildlife habitat, wildlife management research, and the distribution of information produced by the projects
The State and Tribal Wildlife Grant Program	U. S. Fish and Wildlife Service federalaid.fws.gov/swg.html	Assist States by providing federal funds for the development and implementation of programs that benefit wildlife and their habitat, including species that are not hunted or fished.
Cooperative Endangered Species Conservation Fund	U. S. Fish and Wildlife Service fedgrants.gov/applicants/doi/fws/es/cescf-04/grant.html	Provides financial assistance to States and Territories to participate in a wide array of voluntary conservation projects for candidate, proposed and listed species
Multistate Conservation Grant Program	U. S. Fish and Wildlife Service iafwa.org/multistate_grants.htm	To support sport fish and wildlife restoration projects identified by the International Association of Fish and Wildlife Agencies
Cooperative Conservation Initiative	U. S. Fish and Wildlife Service www.nbc.gov/cci/matrix.cfm	To restore natural resources and establish or expand wildlife habitat
Neotropical Migratory Bird Conservation Act Grants Program Grants	U. S. Fish and Wildlife Service http://birdhabitat.fws.gov	Projects include non game, migratory bird and upland habitats or those with riparian habitats.
Private Stewardship Grants Program	U. S. Fish and Wildlife Service http://endangered.fws.gov/grants/private_stewardship.html	Support on-the-ground endangered species conservation efforts, including technical or financial assistance, on private (non government owned) lands. Does not fund acquisition, planning or research 10% cost share required
FWS Coastal Program	U. S. Fish and Wildlife Service Paula Golightly (707) 822-7201 http://www.ccfwo.r1.fws.gov/	The Coastal Program identifies important coastal resource problems and solutions, seeks partnerships to carry out on-the-ground conservation projects, and encourages public action in 15 of the nation's highest priority coastal areas.
Partners for Fish and Wildlife Service	U. S. Fish and Wildlife Service, Debra Schlafmann, (916) 979-2085 www.r1.fws.gov/capfw	Create/restore wetlands and riparian habitat
Klamath River Basin Conservation Area Restoration Program	U. S. Fish and Wildlife Service, Phil Detrich (530) 842-5763 www.r1.fws.gov/yreka	Salmon & Steelhead restoration, habitat protection and education
Coastal Wetlands Conservation Grant	U. S. Fish and Wildlife Service, Sallie Valdez-Cogliano (703) 358-2201	Restore, acquire, manage, or enhance coastal wetlands through matching grant
Klamath Ecosystem Restoration Program	U. S. Fish and Wildlife Service, Dave Ross (541) 885-8481 http://klamathfallsfwo.fws.gov	Restoration of watersheds, riparian areas

PROGRAM	CONTACT	PURPOSE
Partners in Flight	U. S. Forest Service John Robinson Regional Avian Coordinator 707-562-8929 migratorybirds.fws.gov/conserv/pif.html	Funding for monitoring for land birds on USFS lands. In past, inventories, restoration, and outreach projects also funded and possible in future in funding levels increase
Environmental Quality Incentive Program (EQIP)	U. S. Natural Resources Conservation Service (NRCS) nrcs.usda.gov/programs/equip	Financial and technical assistance for conservation practices on ag land.
Farmland Protection Program (FPP)	U. S. Natural Resources Conservation Service (NRCS) info.usda.gov/arcs/fpcp/fpp.htm	Ag easements. Subject to existing offer for protection by state or local agency
Grassland Reserve Program (GRP)	U. S. Natural Resources Conservation Service (NRCS) nrcs.usda.gov/programs/grp	Restore and protect grasslands through easements, incentive payments or restoration
CA Riparian Habitat Conservation Program	Wildlife Conservation Board (WCB) wcb.ca.gov/pages/california_riparian_habitat_conservation_program.htm Clemons 916-445-1072	Acquisition (fee or easement), restoration and/or enhancement of riparian habitat
Wildlife Forever Challenge Grants	Wildlife Forever http://www.wildlifeforever.org 763-253-0222 info@wildlifeforever.org/grants	Habitat restoration and acquisition, research and management, and education projects
Wildlife Forever Sportsman Challenge Grants	Wildlife Forever http://www.wildlifeforever.org 763-253-0222 info@wildlifeforever.org/grants	Small conservation projects in local communities
Water Conservation Field Service Program (WCFSP)	Bureau of Reclamation Northern California Area Office Dennis Perkins at 530-934-1327 fax: 530-487-5397 or e-mail dperkins@mp.usbr.gov also web site www.grants.gov	The WCFSP was established to encourage efficient water management, to develop partnerships with State and local conservaiton program efforts, and to promote water management on a regional, Statewide, and watershed basis. This will be available in later January or early February 2005
