

# Continuous Conservation Reserve Program (CCRP) – Riparian Buffer Practices: Annual *Marginal Pastureland* Rental Payment Rates for Arkansas

**CP22** = Riparian Forest Buffer. Practice will create a **35ft – 180ft** wide buffer adjacent to streams. Practice also covers approximately 90% for fencing, crossings, troughs, pipelines, etc.

**CP29** = Marginal Pastureland Wildlife Habitat Buffer. Practice will create a **20ft – 180ft** wide buffer adjacent to streams. Practice also covers approximately 90% for fencing, crossings, troughs, pipelines, etc.

To sign-up for CRP and to determine your eligibility, visit your Farm Service Agency office and fill out an application. Sign-up is continuous or open year-round.

**CRP Marginal Pastureland Rental Rates**

\$55.00 to \$58.00	\$67.00 to \$70.00	\$74.00 to \$77.00
\$60.00 to \$63.00	\$70.00 to \$73.00	\$78.00 to \$81.00
\$62.00 to \$65.00	\$72.00 to \$75.00	\$84.00 to \$87.00

Rates were calculated assuming a 10 year contract and as follows: County base rate + 20% added to the County base rate + maintenance rates + \$10/acre. The \$10/acre number is the signing incentive payment (SIP) based on a 10 year contract (\$100/10 years) = \$10

Prevent your land from washing away and earn an annual rental payment while doing so.

- Useful Numbers -  
¼ mile at 35 feet wide is approximately 1 acre  
½ mile at 35 feet wide is approximately 2 acres
