

**JOHN H. CHAFEE COASTAL BARRIER RESOURCES SYSTEM**

**Lea Island Complex L07**

This map was produced by the U.S. Fish and Wildlife Service from a map dated March 12, 2014, and was made effective on December 18, 2014, via Public Law 113-253. The boundaries of the John H. Chafee Coastal Barrier Resources System (CBRS) on this map are identical to the boundaries on the map adopted by Public Law 113-253. This map supersedes all prior maps depicting the CBRS boundaries in this location.

The seaward side of the CBRS unit includes the entire sand-sharing system, including the beach and nearshore area. The sand-sharing system of CBRS units is normally defined by the 30-ft bathymetric contour. In large coastal embayments and the Great Lakes, the sand-sharing system is defined by the 20-ft bathymetric contour or a line approximately one mile seaward of the shoreline, whichever is nearer the coastal barrier.

For additional information about the CBRA or CBRS, please visit [www.fws.gov/cbra](http://www.fws.gov/cbra).

- System Unit Boundary
- - - Otherwise Protected Area (OPA) Boundary; OPAs are identified on the map by the letter "P" following the unit number
- - - Approximate State Boundary
- $36^{\circ}54^{\prime}00^{\prime\prime}N$  2000- meter Universal Transverse Mercator grid values, Zone 18 North

Imagery Date(s): 2010 and 2012  
 Imagery Source(s): State of North Carolina and United States Department of Agriculture National Agriculture Imagery Program  
 Coordinate System: North American Datum 1983 North Carolina State Plane
