

Nationally Significant Seabird, Wading Bird and Eagle Nesting Islands in Coastal Maine

For many years, seabird biologists from U.S. Fish and Wildlife Service and Maine Dept. of Inland Fisheries and Wildlife have conducted surveys to identify coastal islands that support nesting pairs of seabirds, wading birds, and bald eagles. The table below is based on information last updated in 2002.

KEY TO THE TABLE on the following 8 pages):

CIR#	Coastal Island Registry Number (every island has a unique CIR#)
OWNER	(May indicate fee and/or easement ownership)
IFW	Maine Dept. of Inland Fisheries and Wildlife
FWS	U.S. Fish and Wildlife Service, Maine Coastal Nesting Islands NWR
ANP	Acadia National Park
BPL	Maine Bureau of Parks and Lands
MDOT	Maine Dept. of Transportation
NGO	Non-government conservation organization
PRI	towns and private owners
(E)	Privately owned, protected with conservation easement
*	nesting site -- usually for bald eagles -- on a relatively large island with multiple owners

VALUES

S	Island where 1% or more of the state's seabird population nests
W	Island where 1% or more of the state's wading bird population nests
R	Island where any number of federally endangered roseate terns nests
E	Island where bald eagles nest
D	Island that may not meet the 1% population criteria for any one species, but support three or more species of nesting seabirds

MCINWR

- ✓ Island identified in the Comprehensive Conservation Management Plan for potential acquisition by Maine Coastal Islands National Wildlife Refuge — if current owners are willing sellers and federal funds are available for acquisition.

This list of nationally significant islands is intended to provide a helpful reference to inform recreational users and to catalyze protection of high value nesting islands through effective stewardship, management agreements, easements and/or fee acquisition with willing landowners. This list alone should not be used for making final management decisions or for regulatory purposes. Rather, the list should be considered as a helpful first reference, to be checked for updates and accuracy on an as-needed, island-specific basis.

In order to minimize disturbance and maximize nesting success, please respect island closures for recreational uses during the nesting season (April 1 - August 31).
