Subject RE: Evaluation for DI18015/18017,18019

History: This message has been forwarded.

Cecilia –

The eval was built into the SPDs, no separate eval statement was prepared. The positions are a combo of law enforcement and criminal investigation work, plus require knowledge of public lands in order to manage code violations. There is no occupational series that covers all three of these areas. So, our work group came to consensus that the 1801 best represented the majority of work performed and would attract a suitable applicant pool.

Cecilia –

It's been a while so I'll need to look into this to see what transpired. Will get back to you as soon as possible.

Linda -

When you classified the Land Management Law Enforcement DOI SPDs, did you prepare an Evaluation? If so, could you forward a copy? If not, what was the justification for the series change?
