Standard Position Description

**STATEMENT OF DIFFERENCES:** Characteristics and duties of this position are essentially the same as those reflected in the full performance standard position description (SPD) number S000360 with the following exceptions:

This is a developmental position established to provide for a period of growth and acclimation to the National Wildlife Refuge (Refuge), Wetland Management District (WMDs), or Refuge Complex (or any combination of the three) for which the incumbent will be assigned.

Performs developmental assignments designed to prepare the incumbent for the full performance level work described in the GS-11 position description. During this period, the incumbent will work closely with his/her supervisor and seek guidance while learning the complexities for the operations of and programs provided on the Refuge/WMD/Refuge Complex, receiving introduction to the multiple partners involved, and become familiar with the surrounding public/private land use and the dynamics of the community.

The incumbent receives on-and-off the job training in overall objectives to be accomplished and available resources. Incumbent participates in planning and assigning priorities to the tasks. The incumbent will receive assignments that are designed to develop the expertise required to carry out assignments at the full performance level. Works independently determining methodologies, budgets, milestones, goals and termination points for all assignments. Completed work is measured in terms of applicability to management issues and in satisfaction of Service-wide objectives and operational deadlines.

The position will remain at the grade 09 level until the employee meets the necessary requirements and the incumbent's supervisor certifies that the incumbent has reached the described level of proficiency and effectiveness contemplated in the attached position description. Upon meeting all requirements, incumbent may be promoted non-competitively to the full performance level of GS-11.

This statement along with a copy of the full performance PD (S000360) constitutes a complete PD at the GS-09 level.
