

ABBCCB

American Burying Beetle

Conservation Bank

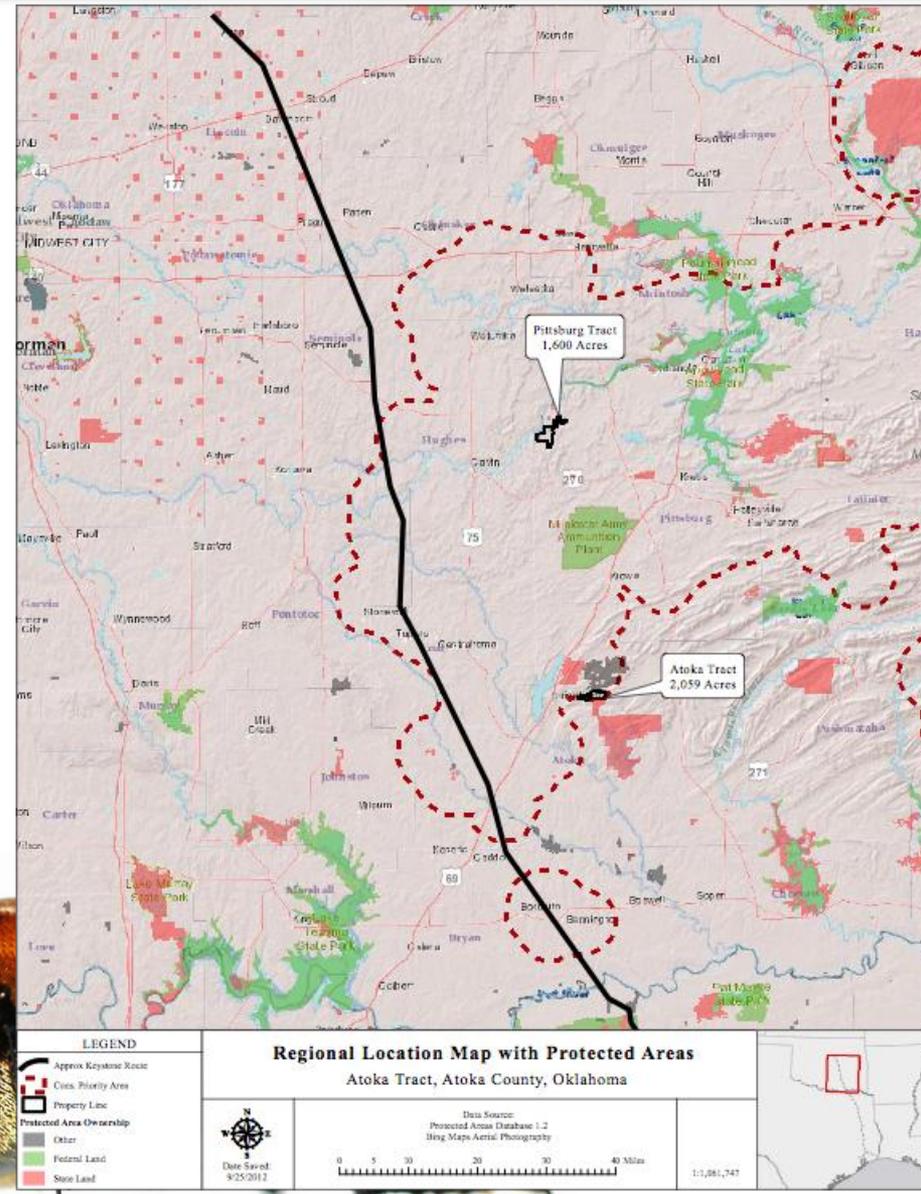

American Burying Beetle Conservation Bank

“American Burying Beetle Science Meeting”

October 23, 2014

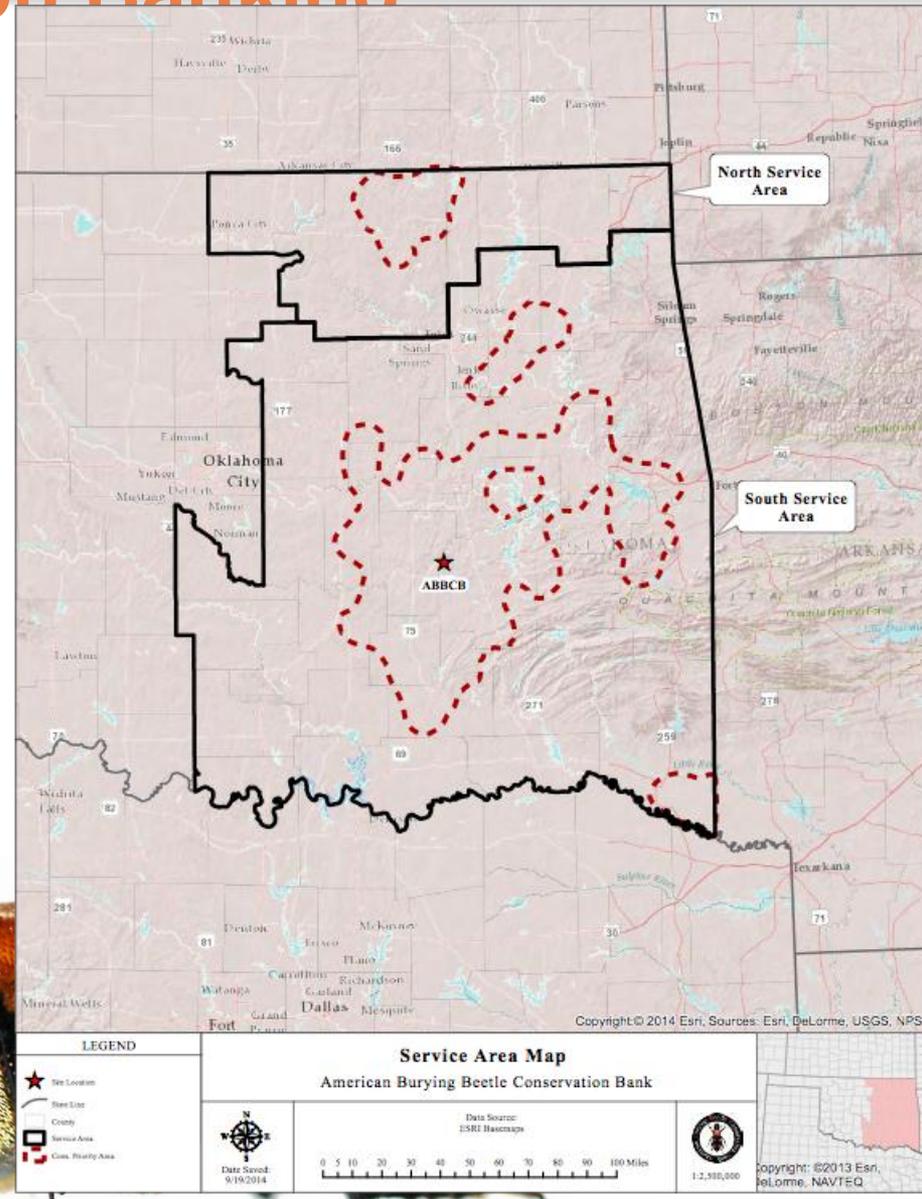

Qualifying Sites

- **Science Needs to Drive Site Selection, NOT Least Cost of Compliance**
- **Meet USFWS Guidelines**
- **Similar Habitat to Nearby Populations**
- **Multiple Sources of Potential Carrion**

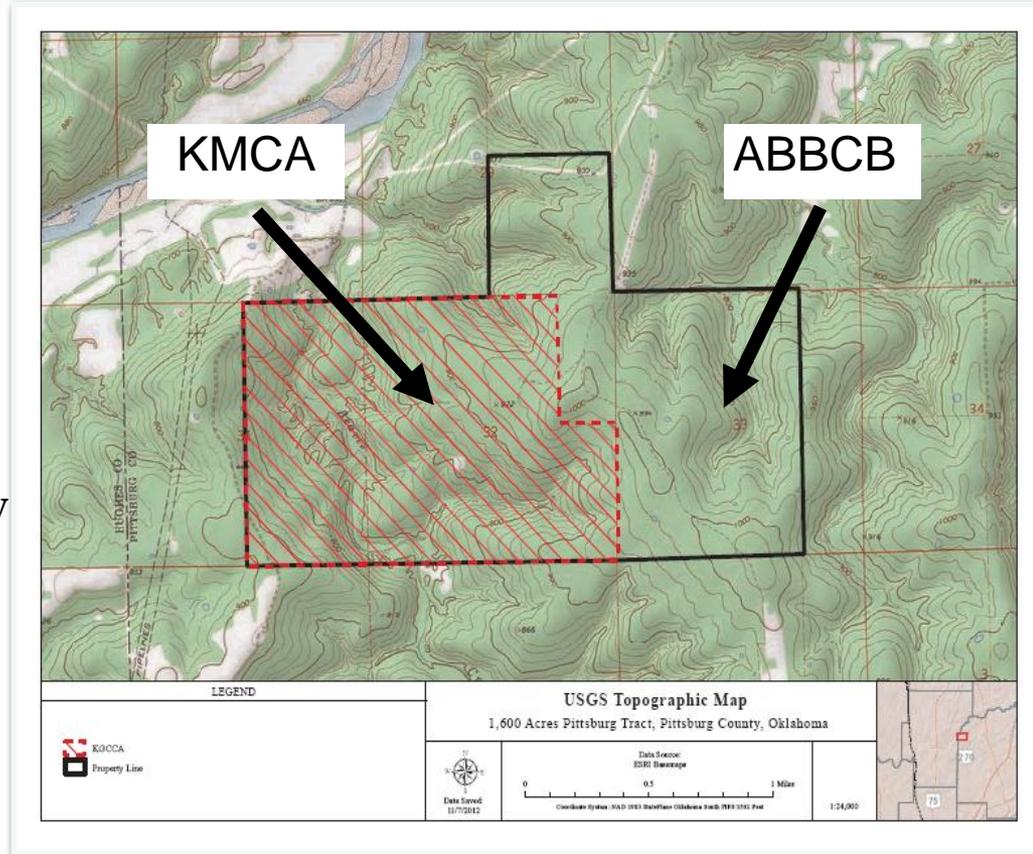

A Case for Conservation Banking

- Conservation Banking Preferred
- No Temporal Loss with Banks
- Encourages Large Scale Conservation
- Encourages Compliance through Permitting Efficiencies and a Free Market

American Burying Beetle Conservation Bank

- **1,600 acres under one conservation easement**
- **Endowments established for both KMCA & ABBCB**
- **Two \$25,000 Research Grants currently being conducted on site**
- **Management Plan in place and actively restoring ABB habitat since November 2012**
