Region 7 National Wildlife Refuges**

2014 Alaska National Wildlife Refuge System Science & Culture Camps  
Catalog of Federal Domestic Assistance (CFDA) Number: 15.676

**Notice of Funding Availability and Application Instructions**

**Funding Opportunity Number: F14AS00056**

**I. Description of Funding Opportunity**

The U.S. Fish and Wildlife Service (USFWS) in Alaska-Region 7 is seeking proposals to collaboratively plan and host 2014 science and culture camps serving children from communities within or near Alaska's 16 National Wildlife Refuges. Camps should meaningfully integrate western scientific principles and traditional knowledge and experience of the area to cultivate conservation and stewardship principles among local children. Funding will be provided for planning and curriculum development, camp instruction, transportation, and supplies.

Funding will be prioritized to camps that demonstrate an active partnership with one or more of Alaska's national wildlife refuges to provide outdoor classroom opportunities for targeted students, promote scientific literacy, and increase conservation of fish, wildlife, and plants and cultural and historical resources on Alaska's National Wildlife Refuges.

**II. Award Information**

Due to the limited funds available, preference is given to proposals requesting less than \$15,000.00 USD. Higher amounts may be requested with appropriate justification. The period of performance for the majority of projects funded under this program is one year, starting on May 1, 2014. Project proposals must be designed accordingly. Past and present recipients of awards under this program are eligible, but must submit new proposals to compete for funding each year. This program uses grant agreements as the primary assistance instrument.

**III. Basic Eligibility Requirements**

**Eligible Applicants:**

Individuals, State agencies, local government agencies, federally recognized Alaska Native tribes, regional Native organizations, universities, businesses, and non-profit organizations that can prove technical and administrative expertise to ensure successful completion of projects may submit proposals. All proposals must demonstrate a strong partnership between the Cooperator and one of Alaska's 16 National Wildlife Refuges, and the ability to serve intended audience. Federal law (2 CFR Part 25, Central Contractor Registry and Data Universal Numbering System) mandates that all entities applying for Federal financial assistance must have a valid Dun & Bradstreet Data Universal Number System (DUNS) number and have a current registration in the Central Contractor Registry (CCR). The CCR functionality was consolidated into the System for Award Management (SAM) in September 2012. Exemptions: The SAM registration requirement does not apply to individuals submitting an application on their own behalf and not on behalf of a company or other for-profit entity, State, local or Tribal government, academia or other type of organization.

### **A. DUNS Registration**

Request a DUNS number online at <http://fedgov.dnb.com/webform>. U.S.-based entities may also request a DUNS number by telephone by calling the Dun & Bradstreet Government Customer Response Center, Monday – Friday, 7 AM to 8 PM CST at the following numbers:

U.S. and U.S Virgin Islands: 1-866-705-5711

Alaska and Puerto Rico: 1-800-234-3867 (Select Option 2, then Option 1)

For Hearing Impaired Customers Only call: 1-877-807-1679 (TTY Line)

Once assigned a DUNS number, entities are responsible for maintaining up-to-date information with Dun & Bradstreet.

### **B. Entity Registration in SAM**

Register in SAM online at <http://www.sam.gov/>. Once registered in SAM, entities must renew and revalidate their SAM registration at least every 12 months from the date previously registered. Entities are strongly urged to revalidate their registration as often as needed to ensure that SAM is up to date and in synch with changes that may have been made to DUNS and IRS information. Foreign entities who wish to be paid to a bank account in the United States must enter and maintain valid and current banking information in SAM.

Entities that had an active record in CCR have an active record in SAM. Such entities do not need to do anything in SAM unless a change in business circumstances requires updates to your Entity record(s) or the Entity record is due to expire. SAM will send notifications to migrated Entity users via email 60, 30, and 15 days prior to expiration of the Entity record. To update or renew your Entity records(s) in SAM your Entity user(s) will need to create a SAM User Account and link their account(s) to your migrated Entity record(s). Entities migrated from CCR can find complete instructions on accessing their SAM Entity records online at <http://www.sam.gov/>.

### **C. Excluded Entities**
