This notice is not a request for proposals and the Government does not intend to accept proposals. Award will be made 15 days after this notice.

I. Description of Funding Opportunity

Section 119 of the Marine Mammal Protection Act of 1972, allows the Secretary of the Interior to enter into cooperative agreements with Alaska Native organizations to conserve marine mammals and provide co-management of subsistence use by Alaska Natives. Agreements entered into under this section may include grants to Alaska Native organizations for, among other purposes:

1. collecting and analyzing data on marine mammal populations;
2. monitoring the harvest of marine mammals for subsistence use;
3. participating in marine mammal research conducted by the Federal Government, States, academic institutions, and private organizations; and
4. developing marine mammal co-management structures with Federal and State agencies.

This cooperative agreement will provide for continued implementation of a long standing co-management relationship between the Service and the Commission for the conservation and co-management of subsistence use of Pacific walrus as authorized under Section 119 of the Marine Mammal Protection Act. The purpose of this Cooperative Agreement between the Service and the Eskimo Walrus Commission is to: 1. conserve Pacific walrus in Alaska; 2. encourage co-management of subsistence uses of Pacific Walrus by the involvement of subsistence users through the Commission; 3. Provide the Commission, with information on walrus population, status, and trends for the development of sound management practices integral to fulfilling their mission of representing the interests of subsistence users and Eskimo walrus hunters; and, 4. provide the Service with information for the monitoring of walrus population, status, and trends to fulfill its species oversight responsibilities. The objectives of this Agreement are to provide support and assistance to continue co-management activities with the Service for the conservation and co-management of subsistence use of Pacific walrus.

II. Award Information

A single award will be made as a cooperative agreement. The estimated total program funding is \$143,500.00. The award ceiling is \$717,500.00 and the award floor is \$143,500.00. This will be a 12 month award with an anticipated start date of 7/1/14 and the anticipated period of performance of 7/1/14 – 4/30/19.

Employees of the U.S. Fish and Wildlife Service (Employees) will be actively involved in the development and implementation of specific Scopes of Work identified in the Agreement. The role of Employees will be to provide technical assistance, monitor the progress and provide feedback on Scopes

of Work to the Commission, and to review all reports and products prepared by the Commission. Employees will actively participate in the planning and development of funded projects. The Service, working with the Commission and its constituents, will be able to enhance not only our, but also Native Alaskans, understanding of species population status and trends. Further, the Service, in turn, will benefit from gaining a better understanding of local and traditional knowledge about Pacific walrus. The Service will specifically be involved in the following ways:

1. Participate in Commission meetings.
2. Consult and cooperate with the Commission on co-management of subsistence use of Pacific walrus by subsistence users or Alaska Native communities. Identify and work to resolve any conflicts or disagreements that may arise.
3. Work closely with the Commission to develop outreach materials such as factsheets or other information and education documents.
4. Attend annual spring hunter meetings in Gambell, Savoonga, and other communities, if applicable.
5. Coordinate with the Commission and other Alaska Native organizations to identify co-management activities consistent with this Agreement's objectives. Prepare Agreement(s) and negotiate objectives with the Commission implementing Section 119 of the Marine Mammal Protection Act Amendments of 1994.
6. Upon request, assist the commission with grant writing and identification of additional funding sources.
7. Advocate to seek and secure on-going funding for EWC to work cooperatively with the Service to implement co-management initiatives and activities
8. The Service will provide written quarterly reports to the Commission outlining Walrus program activities and accomplishments both inclusive and exclusive of this agreement.

III. Basic Eligibility Requirements

Eligible Applicants:

This is a restricted award, and eligible applicants must be an Alaska Native Organization, headquartered in Alaska and Tribally authorized by a majority of the walrus hunting Tribes in the region to represent said Tribes on issues related to subsistence use of Pacific walrus.

U.S. non-profit, non-governmental organizations **must** provide a copy of their Section 501(c)(3) or (4) status determination letter received from the Internal Revenue Service.

Federal law mandates that all entities applying for Federal financial assistance must have a valid Dun & Bradstreet Data Universal Number System (DUNS) number and have a current registration in the System for Award Management (SAM). See Title 2 of the Code of Federal Regulations (CFR), Part 25 (2 CFR 25) for more information. Exemptions: The SAM registration requirement does not apply to individuals submitting an application on their own behalf and not on behalf of a company or other for-profit entity, state, local or Tribal government, academia or other type of organization.

A. DUNS Registration

Request a DUNS number online at <http://fedgov.dnb.com/webform>. U.S.-based entities may also request a DUNS number by telephone by calling the Dun & Bradstreet Government Customer Response Center, Monday – Friday, 7 AM to 8 PM CST at the following numbers:

U.S. and U.S Virgin Islands: 1-866-705-5711

Alaska and Puerto Rico: 1-800-234-3867 (Select Option 2, then Option 1)

Once assigned a DUNS number, entities are responsible for maintaining up-to-date information with Dun & Bradstreet.

B. Entity Registration in SAM

Register in SAM online at <http://www.sam.gov/>. Once registered in SAM, entities must renew and revalidate their SAM registration at least every 12 months from the date previously registered. Entities are strongly urged to revalidate their registration as often as needed to ensure that their information is up to date and in synch with changes that may have been made to DUNS and IRS information. Foreign entities who wish to be paid directly to a United States bank account must enter and maintain valid and current banking information in SAM.

C. Excluded Entities

Applicant entities identified in the SAM.gov Exclusions database as ineligible, prohibited/restricted or excluded from receiving Federal contracts, certain subcontracts, and certain Federal assistance and benefits will not be considered for Federal funding, as applicable to the funding being requested under this Federal program.

D. Cost Sharing or Matching:

No cost sharing or matching is required.

IV. Application Requirements

To be considered for funding under this funding opportunity, an application must contain:

A. Application for Federal Assistance form

A completed, signed and dated Application for Federal Assistance form.

Do not include other Federal sources of funding, requested or approved, in the total entered in the “Federal” funding box on the Application for Federal Assistance form. Enter only the amount being requested under this program in the “Federal” funding box. Include any other Federal sources of funding in the total funding entered in the “Other” box.

B. Project Summary

Briefly summarize the project, in one page or less. Include the title of the project, geographic location, and a brief overview of the need for the project. Goal(s), objectives, specific project activities, anticipated outputs and outcomes can also be included in this section.

C. Project Narrative

- 1. Project Goals and Objectives:** State the long-term, overarching goal(s) of the program/project. State the objectives of the project. Objectives are the specific outcomes to be accomplished in order to reach the stated goal(s). The project objectives must be specific, measurable, and realistic (attainable within the project’s proposed project period).
- 2. Project Activities, Methods and Timetable:** List the proposed project activities and describe how they relate to the stated objectives. Activities are the specific actions to be undertaken to fulfill the project objectives and reach the project goal(s). The proposed project activities narrative must be detailed enough for reviewers to make a clear connection between the activities and the proposed project costs. For projects being conducted within the United States, the narrative must provide enough detail so that reviewers are able to determine project compliance with the National Environmental Policy Act, Section 7 of the Endangered Species Act, and Section 106 of the National Historic Preservation Act. For projects being conducted on the high seas, the narrative should provide enough detail so that reviewers are able to determine project compliance with Section 7 of Endangered Species Act. Provide a detailed description of the method(s) to be used to carry out each activity. Provide a timetable indicating roughly when

activities or project milestones are to be accomplished. Include any resulting tables, spreadsheets or flow charts within the body of the project narrative (do not include as separate attachments). The timetable should not propose specific dates but instead group activities by month for each month over the entire proposed project period.

- 3. Description of Entities Undertaking the Project:** Provide a brief description of the applicant organization and all participating entities and/or individuals. Identify which of the proposed activities each agency, organization, group, or individual is responsible for conducting or managing. Provide complete contact information for the individual within the organization that will oversee/manage the project activities on a day-to-day basis

D. Budget Form

Complete the **Budget Information for Non-Construction Programs (SF 424A)** or **Budget Information for Construction Programs (SF 424C)** form. Use the SF 424A if your project does not include construction and the SF 424C if the project includes construction or land acquisition. The budget forms are available online at <http://apply07.grants.gov/apply/FormLinks?family=15>. When developing your budget, keep in mind that financial assistance awards and subawards are subject to the cost principles in the following Federal regulations, as applicable to the recipient organization type:

- 2 CFR Part 220, Cost Principles for Educational Institutions
- 2 CFR Part 225, Cost Principles for States and Local Governments
- 2 CFR Part 230, Cost Principles for Non-Profit Organizations
- 45 CFR Part 74, Appendix E, Principles for Determining Costs Applicable to Research and Development Under Grants and Contracts with Hospitals
- 48 CFR 1, Subpart 31.2, Contracts with Commercial Organizations

Links to the full text of these Federal cost principles are available on the Internet at <http://www.fws.gov/grants/>.

Multiple Federal Funding Sources: If the project budget includes multiple Federal funding sources, you must show the funds being requested from this Federal program *separately* from any other requested/secured Federal sources of funding on the budget form. For example, enter the funds being requested from this Federal program in the first row of the Budget Summary section of the form and then enter funding related to other Federal programs in the subsequent row(s). Be sure to enter each Federal program's CFDA number in the corresponding fields on the form. The CFDA number for this Federal program appears on the first page of this funding opportunity.

E. Budget Justification

In a separate narrative titled "**Budget Justification**", explain and justify all requested budget items/costs. Detail how the SF 424 Budget Object Class Category totals were determined and demonstrate a clear connection between costs and the proposed project activities. For personnel salary costs, include the base-line salary figures and the estimates of time (as percentages) to be directly charged to the project. Describe any item that under the applicable Federal Cost Principles requires the Service's approval and estimate its cost

Required Indirect Cost Statement: All applicants except individuals applying for funds separate from a business or non-profit organization he/she may operate **must** include in the budget justification narrative one of the following statements and attach to their application all required documentation as detailed in the following table:

We understand that MTDC excludes equipment, capital expenditures, charges for patient care, rental costs, tuition remission, scholarships and fellowships, participant support costs and the portion of each subaward and subcontract in excess of \$25,000.</p>	None.

Applicants who are individuals applying for funds separate from a business or non-profit organization he/she may operate are not eligible to charge indirect costs to their award. If you are an individual applying for funding, do not include any indirect costs in your proposed budget.

For more information on indirect cost rates, see the Service’s **Indirect Costs and Negotiated Indirect Cost Rate Agreements** guidance document on the Internet at <http://www.fws.gov/grants/>.

Negotiating an Indirect Cost Rate with the Department of the Interior:

For organizations without a NICRA, you must have an open, active Federal award to submit an indirect cost rate proposal to your cognizant agency. The Federal awarding agency that provides the largest amount of direct funding to your organization is your cognizant agency, unless otherwise assigned by the White House Office of Management and Budget (OMB). If the Department of the

Interior is your cognizant agency, your indirect cost rate will be negotiated by the Interior Business Center (IBC). For more information, contact the IBC at:

- F. Statements Regarding A-133 Single Audit Reporting:** Following OMB Circular A-133 (http://www.whitehouse.gov/sites/default/files/omb/assets/a133/a133_revised_2007.pdf), all U.S. states, local governments, federally-recognized Indian tribal governments, and non-profit organizations expending \$500,000 USD or more in Federal award funds in a fiscal year must submit an A-133 Single Audit report for that year through the Federal Audit Clearinghouse's Internet Data Entry System.

All U.S. state, local government, federally-recognized Indian tribal government and non-profit applicants must provide a statement regarding if your organization was/was not required to submit an A-133 Single Audit report for the organization's most recently closed fiscal year and, if so, state if that report is available on the Federal Audit Clearinghouse Single Audit Database website (<http://harvester.census.gov/sac/>). Include these statements at the end of the Project Narrative in a section titled "**A-133 Single Audit Reporting Statements**".

G. Assurances

Include the appropriate signed and dated Assurances form available online at <http://apply07.grants.gov/apply/FormLinks?family=15>. Use the **Assurances for Non-Construction Programs (SF 424B)** if the project does not involve construction. Use the **Assurances for Construction Programs (SF 424D)** if the project does involve construction or land acquisition. Signing this form does not mean that all items on the form are applicable. The form contains language that states that some of the assurances may not be applicable to your organization and/or your project or program.

H. Certification and Disclosure of Lobbying Activities:

Under Title 31 of the United States Code, Section 1352, an applicant or recipient must not use any federally appropriated funds (both annually appropriated and continuing appropriations) or matching funds under a grant or cooperative agreement award to pay any person for lobbying in connection with the award. Lobbying is defined as influencing or attempting to influence an officer or employee of any agency, a Member of Congress, an officer or employee of Congress, or an employee of a Member of Congress connection with the award. Submission of an application also represents the applicant's certification of the statements in 43 CFR Part 18, Appendix A-Certification Regarding Lobbying. If you/your organization have/has made or agrees to make any payment using non-appropriated funds for lobbying in connection with this project AND the project budget exceeds \$100,000, complete and submit the **SF LLL, Disclosure of Lobbying Activities** form. See 43 CFR, Subpart 18.100 for more information on when additional submission of this form is required.
