

**International Migratory Bird Day at the Alaska Zoo on Sunday,
May 15th**

11 am to 5 pm

Gather your flock and "migrate" to the Alaska Zoo to celebrate Alaska's migratory birds! Sharpen your birding skills or learn the basics - there will be activities for birders for all skill levels! Get hands-on with binoculars, learn tips on bird photography, practice bird song ID, learn to recognize birds by silhouette and color, participate in a geocaching game, and discover cool birding apps for your phone! Bring your kids to the bird craft station, play the birding game for prizes, enjoy some cotton candy, visit the petting zoo, view the winning Jr. Duck Stamp artwork and more! Interact with education birds from Bird Treatment and Learning Center and meet exotic birds from Parrot Education and Adoption Center. A rehabilitated bird will be released on the Coffee Shop Lawn at 4:30 pm.
