I would love to catch green crabs!

As far as I know it would only be Sean Carlson, Brian Larson and myself. If we all can't fit and the weather looks poor I can hang back and catch up with the group after.

Thank you!

Ralph

You can only hitch a ride if you are willing to check green crab traps!!! Just kidding. How many folks are going out? If it is more than 3 (including Lorenz), we might not have a UTV available to accommodate the group. Our 6-seater will most likely be in use by the green crab team if you are headed out during the low tide.

Jennifer,

I appreciate you reaching out for an update on our aquaculture proposal in Dungeness Bay. I will defer to Matt Bennett at the Army Corps to let us know how our application is progressing. Once I receive confirmation that we have a complete application from the Corps I will be sending you and the County a copy immediately.

As for our DNR lease visit, I look forward to meeting with Lorenz. We are planning to take our skiff out to the lease, but if weather is poor can we hitch a ATV ride with Lorenz?

Enjoy the record tides next week!

Ralph

Hey Ralph!

We haven't talked in a long time and I was just wondering how your proposal was shaping up. Have you received your Army Corps permit yet? Have you started the Shoreline Permit process? Just trying to get a handle on process timing.

Unfortunately, I won't be able to join you for the site visit in June, but Lorenz will be able to attend.

Hope your spring is going well.
