I don't think you need to be there. We can talk tomorrow. It would be nice to hear from Frank about whether or not he figured out federal lead with ACE. I'll try to contact him again today.

Hi!

I am headed out today for another meeting in Richland, WA. Will be back in the office on Wednesday. I would like to talk with you about the upcoming meeting with the ACOE and Tribe on oyster cultivation.

Specifically, do I need to be there. But also our plan of action.

So, call me if I don't get a chance to call you.

Sylvia
