We appreciate the opportunity to chat with you and other producers about management issues and flexibilities a 10(j) rule could have. Please let us know if you have any questions or need additional information. My contact information is below. Thank you.

Respectfully,

Nicole

Subject: North Park meeting

Bonnie - it was nice to finally meet you in person at the North Park meeting in Walden. Hope we were able to clarify some points and help folks understand a bit better what the experimental population (10j) designation is and what it might mean for CO. If further clarification is needed on any points or if additional questions come up, please do not hesitate to reach out to Nicole or I anytime (my contact info is below). Thanks and have a good one.
