Attached is the draft proposal for the Farallon Islands Large Invasive Proposal. Looks like we listed Thursday, March 30th as the deadline for finalizing our internal review process. Giselle I just realized this afternoon that you weren't cc'd on the original email, I apologize for the delay in getting this to you.

Should we also schedule some time for discussion next Thursday or Friday?

Hi Dustin and Mark,

As we discussed, attached is our draft proposal for the FY2022 allocation. Since more sections from the last RFP were dropped then added, I was able to keep the proposal to only 8 pages, two less than the new 10-page maximum. Let me know what you think. Thanks for your time and efforts!
