Hi Dan,

This is the email we received from Gareth yesterday. Looks like we just need Paul to resubmit the scheduling request.

Good Morning,

Due to the shutdown, your review was postponed. Once you are back up and running and know the current status of your project, please resubmit your review request.

Thanks

Folks,

Please see the attached scheduling request.

The U.S. Fish and Wildlife Service, Region 10, is ready to brief the Department of the Interior NEPA Review Team on the Final EIS for the South Farallon Islands Invasive House Mouse Eradication Project.

This is step 5 as outlined in the Deputy Secretary's April 27, 2018, NEPA Document Clearance Process memorandum. Upon concurrence by the Review Team, we will file the Final EIS with the Environmental Protection Agency and publish the Notice of Availability in the Federal Register.

In order to meet our milestone schedule in the NEPA and Permit Tracking Database we request the briefing on January 11, 2019, if possible.

We have placed the Final EIS in this folder [Review Team Briefing - South Farallon Islands Invasive House Mouse Eradication Project](#) and will place the remaining briefing materials in this folder at least 1 week prior to the scheduled briefing.

Our team that will participate in the briefing includes:

Paul Souza, Regional Director
Jody Holzworth, Deputy Regional Director
Polly Wheeler, Assistant Regional Director, Refuges
Stacy Armitage, Refuge Supervisor, Pacific Southwest Region
Anne Morkill, Project Leader, San Francisco Bay National Wildlife Refuge Complex
Chris Barr, Deputy Project Leader, San Francisco Bay National Wildlife Refuge Complex
Mark Pelz, Chief, Natural Resources Division
Gerry McChesney, Refuge Manager, Farallon Islands National Wildlife Refuge
Barbara Goodyear, Assistant Regional Solicitor

Thanks for your help and please let me know if I can do anything in the interim . . .

Best,

Paul Souza
